My Dream

Yesterday after school, I read a magazine about an adventure of a famous dentist. I thought, 'I want to have a fantastic adventure too! Let tell my mother later.' After a while, I felt asleep...

In my dream, I dreamed that I am in a kingdom with my friends. We were shocked. I finally understood why. I just said I wanted to have an adventure! I happily jumped up and down, But soon, a tall knight came in. He yelled, 'somebody, please! We need help.' We ran to the knight and answered. 'Dear knight, we are here to help you. We do not know why we are here, but we must help you.'

We ran outside, and I saw my mom and dad! My friend whispered, 'are they your parents?' I quickly nodded. Mom shouted, 'Go! There is my child, this man catches him. Fight him!' Oh no! My mom called all the police to come, what can I do?

Luckily, the tall knight was not weak. They fought for about five hours.

Suddenly, they all disappeared. the knight and I were left

behind. We were sitting on a branch of a tree. He asked, 'Kid, do you think your mom and dad love you?' I thought, 'My silly mom always punches me, why would I love her? My silly dad always yells loudly at me, why would I love him?' I shook my head hard. The knight shook his head too. 'You do not know that your parents love you very much. Say sorry to them.' The knight did not even finish his words, and he was gone! All I saw is the wall!

My mom asked, 'Hey! What are you doing? Why do you shake your head? Explain later. You are going to be late for school. Come and have your breakfast.'

What a strange dream.
