Good place(s) in my neighbourhood

Do you want to know about two good places in my neighbourhood? They are Mos Burger and the library.

First, Mos Burger is in Whampoa. It's near my home. I can eat hamburgers there. Mom and Dad often go there with me.

Next, I want to talk about the library. It's in Hung Hom. There are a lot of books. I can read and borrow books there.

I sometimes go there with my mum or my dad.

I think they are very nice.

P.S. Mos Burger doesn't provide plastic containers for take away. It helps protect our Earth.

A special day

I had a special day last Friday. I went camping with Mum and Dad in the New Territories. It was special because this was the first time we went camping.

The campsite was a big, open space. There were a lot of trees. There was a pond for fishing. It was crowded. There was a hall. It was as cold as a refrigerator.

Then, we opened the tent. We borrowed the tent, but did not know how to open it. At last, Dad asked the tent owner and learnt how to open it. I learnt it too. We didn't use a pillow to sleep and we used cushions instead.

We played card games before we went home. I like camping, I want to camp once again!

A special day

I would like to talk about a special day. It was about a walk to Amah Rock with my father and my mother last Sunday.

My English teacher taught me Amah Rock in the lessons.

Amah Rock was on the mountain. There were so many stairs and we needed to walk up and down. It was difficult to walk to Amah Rock. I saw some big rocks. It was the Amah Rock.

It was special because I could see seven monkeys on the mountain. They were so interesting.

I have learnt that I will start to walk early next time because when we left Sha Tin, it was already five thirty.

My favourite TV program

My favourite TV program is Doraemon. It is a famous cartoon. I often watch it via TVB at five o'clock every Sunday.

The main characters are Doraemon and Nobita. Nobita always plays with his classmates Sue, Big Gian and Sneeck but sometimes Big G will bully him.

I like Doraemon because he has a lot of interesting gadgets. Doraemon always helps Noby with gadgets when he is in trouble.

A special day

We had a school trip to Ocean Park last year. I went there with my classmates and teachers by school bus.

When I arrived there, I went to the aquarium. It was very big and I read the information about different types of fish. I like jellyfish the most. I took photos and some notes and shared them with my classmates. Then, I went to the souvenir shop and bought a pen with jellyfish pattern for my mother.

It was a special day in Ocean Park. I have learnt a lot in the aquarium and played some games in the theme park.

I hope we can go to Disneyland this year.
