### My Christmas Cake

Christmas is coming, so I want to design a Christmas cake. It is called Double C by Cayden Chan. It is my first time to bake a cake, so I want to share it with my beloved family.

I put a Santa Claus who is riding a sleigh on the cake. The Santa Claus is red and white in colour and the sleigh is brown. My family likes chocolate very much so it is in chocolate flavor.

My dad and mum are so delighted to see Double C. After they cut it, the chocolate melts and they are so surprised. I wish everyone a merry Christmas and a warm winter.

### My Christmas Cake

Do you like eating Christmas cakes? Well, I think this is the ideal Christmas cake for you. My cake is called "A Minty Christmas", I want to share it with my family during the Christmas feast.

My cake has four layers. The first layer is covered with thick mint chocolate ice-cream. The rest of the layers are decorated with different varieties of fresh fruits. Moreover, a shiny sprig of holly is added on top of the mint ice-cream to wish people good luck. My cake tastes sweet and crunchy.

You will feel very refreshed and energetic after you taste my cake because of the fragrant mint chocolate ice-cream on top of my cake. I wish everybody a prosperous Christmas and a happy new year.

### My Christmas Cake

Christmas is around the corner, why don't we celebrate this joyful festival with a special Christmas cake? My Christmas cake is called "We Wish You a Marshmallow Christmas". I want to share the cake with my beloved friends and family.

My cake looks like an igloo. I put a lot of whipped cream and marshmallows on a chocolate sponge cake. It is rich in chocolate flavor. It is so creamy and sweet!

When people see my cake, they feel like they are tasting a slice of White Christmas. The whipped cream and marshmallows look like snow. I wish everyone who tastes my cake is able to feel the White Christmas.

### My Christmas Cake

Christmas is coming, let's design a Christmas cake! I am designing a Christmas cake now. It's called "Naughty Elves". It is red in colour, it has a big Christmas tree in the middle and it looks pretty.

Look! Some elves are playing tricks on some Santa Clauses, they turn those Santa's sleighs into chocolate. As it is a cake, some cream and candy canes are around it! A baby angel is putting a star on top of the Christmas tree. It also has some snowflakes on it.

Do you know what the cake tastes like? It is sweet and in strawberry flavor. It is soft, creamy and chewy. Something secret that only you and I know: Inside the Christmas tree, there are some candies! When my parents saw this cake, they were shocked and thought this cake was amazing! They loved it so much. I wish everyone a merry Christmas and a happy new year.
