### **Our toy story adventure**

In this summer holiday, dad, mom and I had a great adventure with Toy Story 4.

In July, dad and mom took me to watch Toy Story 4. It is a touching movie. I like Woody very much. He always helps his friends.

In August, I joined the “Toy Story” themed carnival at Harbour City. I played different games and collected all the stamps from different hot spots. I won a beautiful puzzle and three Alien plushies.

### **The trip to Japan**

In early of August, I travelled to Kyushu in Japan with my family. I ate a lot of food and I have been to many places like Waterpark, Zoo, Game Museum and Anpanman Museum. I like Waterpark most. It is very nice.

It was a fun trip. I wish I can go to Japan again next year.

A decorative border surrounds the page, featuring a repeating pattern of pumpkins and bats. The pumpkins are orange with black faces, and the bats are black with orange wings. The border is composed of small green and yellow dots connected by thin lines.

## **Our Halloween Party**

Our Halloween Party is on the thirty-first of October.  
On that day, I dress up as a vampire.

Gordon and Eunis, Curtis are my best friends. Gordon and Euris dressed up as vampires. Curtis dressed up as Harry Potter. I was happy because I played trick-or-treat. It was fun. My teachers gave us a lot of chocolate and sweets. They were yummy!

## **Halloween Day**

Today is the 31<sup>st</sup> October and today is the Halloween Day. I celebrate it at school.

In the morning, I go to school and I see a lot of Halloween decorations. Many classmates wear different costumes to school. They pretend to be ghosts, mummies and vampires. In the recess, I exchange candies with my classmates in the classroom on the fourth floor.

In the afternoon, I have a snack and eat all my candies. It is an amazing day!

A decorative border surrounds the page, featuring various sea creatures including blue fish, red octopuses, light blue jellyfish, orange fish, and red crabs, interspersed with small blue bubbles. The border is consistent on all four sides of the page.

## **My first trip to Enping**

I went to Enping with my family during the summer holiday. It was the first time for us to go there through the Hong Kong Zhuhai Macau Bridge and took the bus to Zhuhai.

We rode a boat on the lake. We watched a 5D movie and 3D art paintings. We played at a water park and tried a hot spring at night. We raced car and tried the famous fried cake. It is one of the intangible cultural heritages.

I felt very glad and enjoyed the trip so much! There were so many “first times” for me!

### **My fantastic summer holiday**

This summer holiday, I had so much fun. I did many things with my big family.

Firstly, I watched Spider-man Far From Home. It was so exciting and funny. I like it very much. Peter Parker is my favourite character.

Also, I went to Hainan in my holiday. I went with my parents, grandparents and elder cousin sister. In Hainan, I swam a lot and played with sand on the beach. Summer holiday will be over soon, I am excited to go to school again!
