Chinese New Year

Chinese New year is in February this year. It is the Year of the Ox. I think it is a wonderful festival because I can have reunion dinners with all my relatives. I miss them very much!

My grandmother gave me some money to buy new clothes, but I didn't use it because I want it to save the money for buying "Switch". My mother said that I need to get a distinction in the violin exam if I want to buy it. That's why I practised the violin very hard during the Chinese New year holiday. I hope I can get my 'Switch' soon!

A decorative border surrounds the text, featuring a repeating pattern of red five-pointed stars, yellow and blue seashells, and white bubbles on a light blue background.

One Day in the Park

I like to go to Kowloon Park. It is in Tsim Sha Tsui. I go there with my family. I like playing on the slide and roundabout with my elder brother.

We run around the playground and play hide and seek. I hide behind the trees so my brother cannot find me. When we feel very tired, we sit on the bench to eat ice cream. It's so yummy!

I feel very happy and want to go there again.
