

6L Ho Tsz Yiu

I will go to secondary school soon, I have many expectations.

First, I hope that I can have more friends in secondary, I will have many new classmates and I will have new friends.

Second, I hope I can get higher marks in the exams in my secondary school. My exam result are very important because it may affect my chance to go to a good university.

I hope my wishes will become true and I will have a great life in my secondary soon.

6L Chiu Chuang Yuan

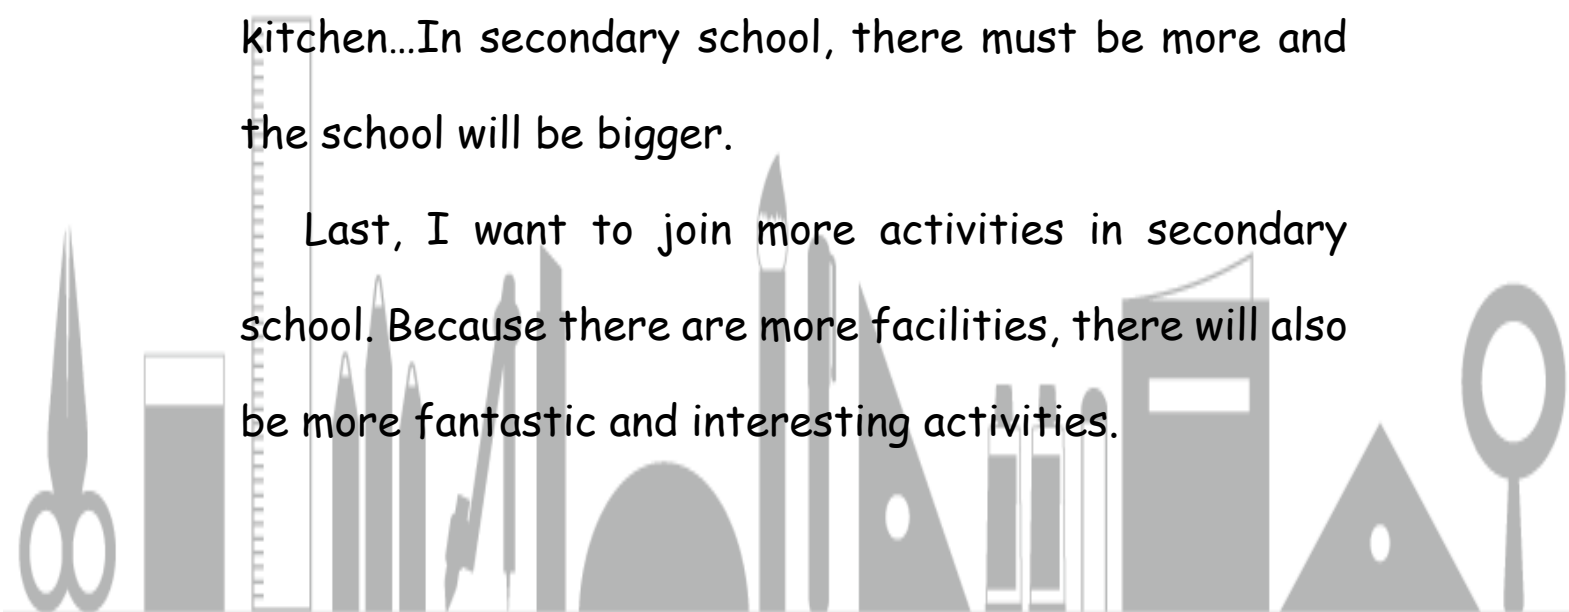

It's just a few months before I go to secondary school. I'm really looking forward to studying there. There are also some expectations by me.

First, I wish I can know more new friends in my secondary school. There will be about 100 new students there. I want to be friends of them.

Second, I expect to have more knowledge. There are more subjects in secondary school. I can learn more and know more from different lessons.

Third, I expect that secondary school will have more facilities. I know that there is a swimming pool and a kitchen...In secondary school, there must be more and the school will be bigger.

Last, I want to join more activities in secondary school. Because there are more facilities, there will also be more fantastic and interesting activities.

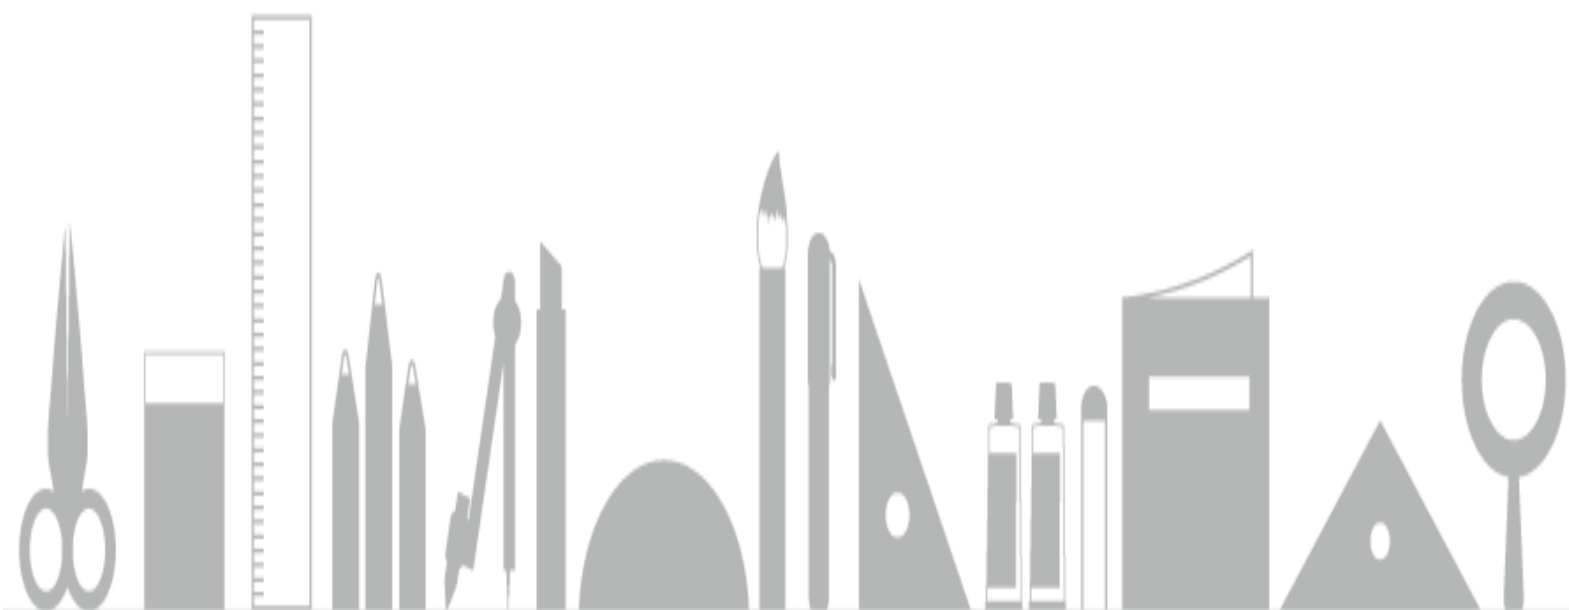

## 6L Ma Lok Yin Melody

In a few months, I am going to be a student in PLKLFC, a secondary school. Let me share some expectations that I have for secondary.

Although I don't really want to leave primary, I am really excited to go to secondary. I hope that I will be able to get used to the new environment quickly and keep the happy memories I have made in my primary life.

One of my main goals is to gain higher grades and finish my homework quicker. I hope I can achieve these goals and have a memorable secondary life!

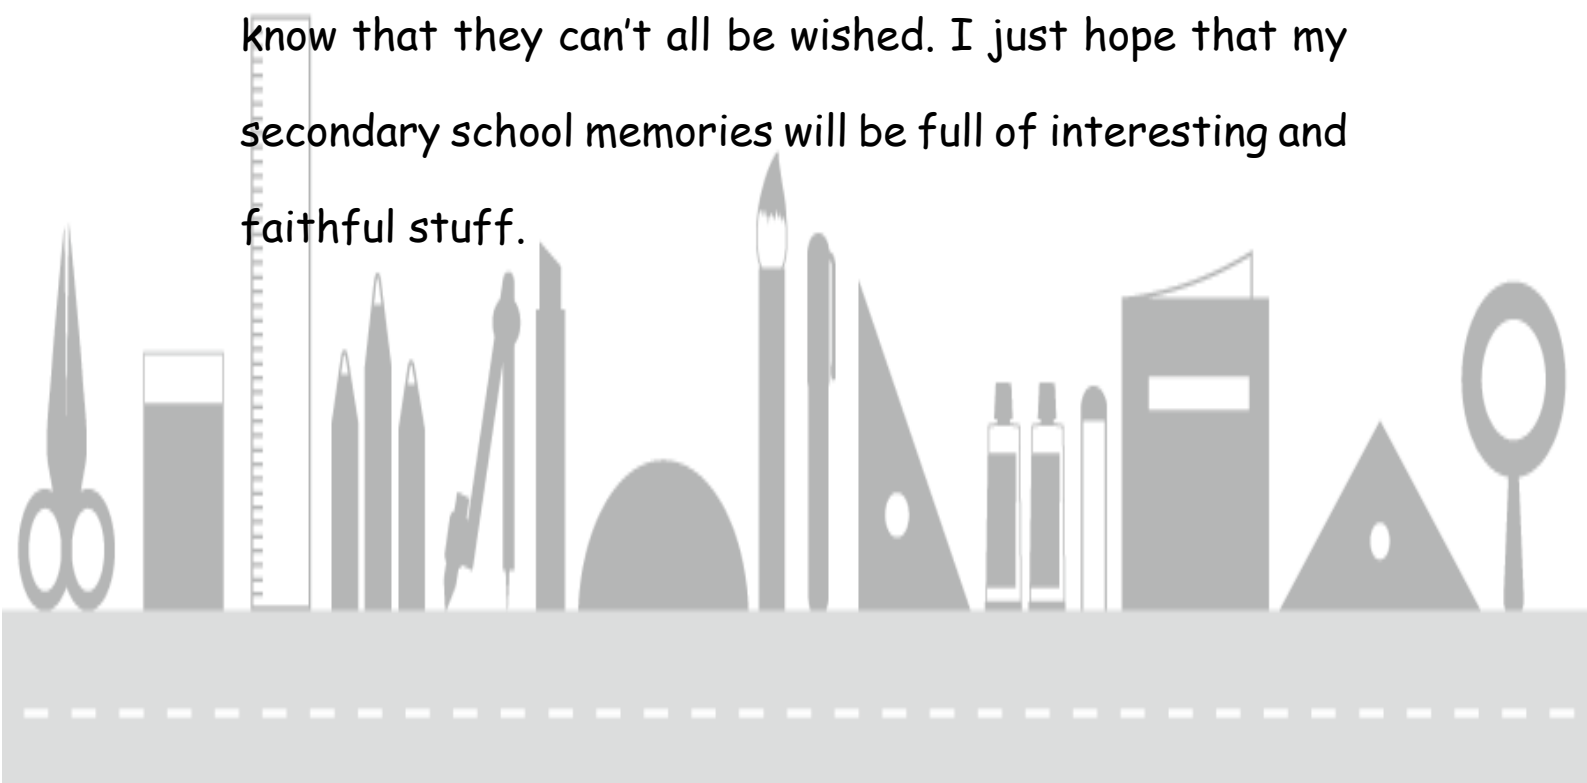

6L Ng Yat Kiu, Chloe

Time is flying so fast, I can't feel like I'm leaving this school, going to be a secondary student.

In primary school, my grades are quite good. But in secondary school, the homework and exam papers are very hard. I just hope that I can pass in all subjects in Form 1.

Also, I have a lot of friends in primary school. In secondary school, there is a half of new students, I'm scared of making new friends. So, I hope my friends will help me out and meet lots of new friends.

There are also a lot of expectations for me, but I know that they can't all be wished. I just hope that my secondary school memories will be full of interesting and faithful stuff.

6L Wong Hiu Laam

Time flies, it seems like yesterday was my first day at primary. However, the reality is that in a few months, we are about to start a new chapter in our lives.

The first expectation is to stay calm and try to work hard even in our ups and downs.

I hope I would not give up when I'm down and depressed. Instead, I should be motivated and not to underestimate myself.

Other than that, I hope to stay as humble as I can even I'm really successful and happy all the time. As humbleness makes us grow and arrogance will harm us.

There will be an incredible amount of difficulties in the future. I hope everyone knows that life is not meant to be successful without any obstacles but is to let us overcome them and become better people. At last, I hope I can achieve my expectations and so do everyone.
