### Christmas

On Christmas Day, I was having a brilliant time. Because of Covid-19, I stayed at home. I was too bored, so I called my best friends Eddy, Alvis and Eric on Skype!

We had lunch together at one o'clock. After lunch, we sang Christmas carols such as "Jungle Bells" and "We wish you a Merry Christmas". Then, I ate a piece of Christmas chocolate cake. It was really lip-smacking. When we finished eating the Christmas cake, we played games together until dinner time.

At dinner time, I ate a lot of food, such as steak, mashed potatoes and lobster spaghetti. They were super delicious.

Although this Christmas I couldn't go anywhere, I still had a delightful time with my friends.

### Christmas

This Christmas was probably the worst holidays I have ever had except for the two days: Christmas Eve and Christmas Day.

On Christmas Eve, I had a Christmas party with my friends using Zoom from five o'clock to seven o'clock in the evening. This Christmas party was the most special one ever. We sang Christmas carols, chatted and watched videos. We had a magnificent time.

On Christmas Day, my mom and I cooked together. It was a pretty big feast. We cooked meatball spaghetti, made a salad and more. It was great to spend time with mom.

### Christmas

I like Christmas very much. I went to German Christmas camp organized by Goethe Institute from 21<sup>st</sup> December to 24<sup>th</sup> December. During the camp, we sang a German Christmas song "O-Tamboenne". We listened to German songs and stories, drew Christmas trees and presents. We even made a comic, learnt some words about Christmas in German. We also played memory cards and puzzles. It was entertaining. I played and chatted with my friends happily.

On Christmas Day, we ate turkey wings, mushroom pasta and Christmas cake. The shape of the cake was Santa Claus. It was really yummy. While we were eating, we were watching movies. We watched four movies in this holiday. The movies were funny and creative. Of all the movies, I love "Wolf Warriors 2" the most. It was hilarious.

### Christmas

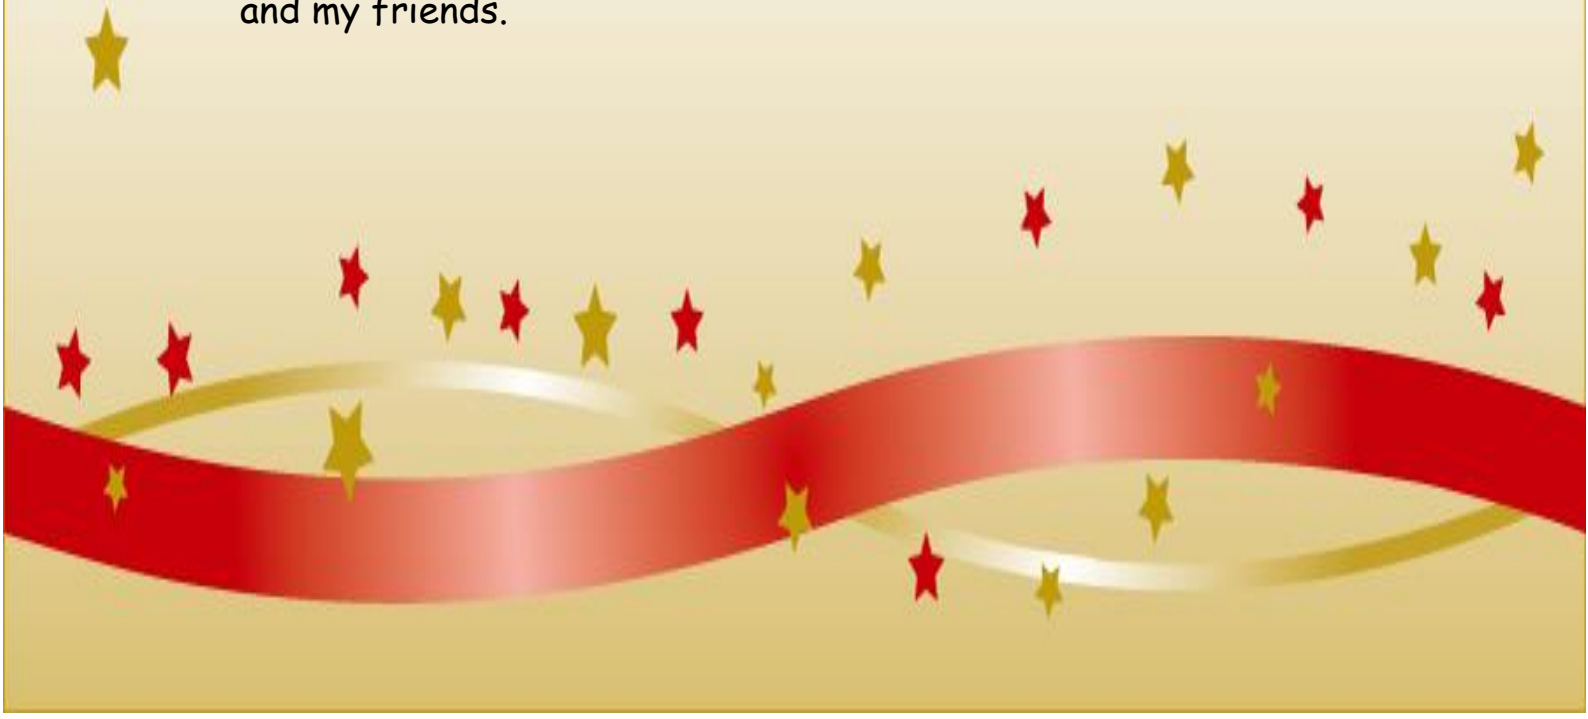

This Christmas is my favourite Christmas ever. It was because my family and I did a lot of things together.

Christmas Eve is my grandma's birthday. We had hotpot to celebrate with grandma. We had corn, pork chop, beef, lobster and cakes too. We had a warm and happy Christmas Eve.

On Christmas Day, when I woke up, I found out there was a book. Santa gave it to me. I love this book dearly. Dad gave me a box of super hero LEGO. This is my favourite LEGO ever. I was speechless and touched. I built it all night long. Finally, I finished making this master piece. The LEGO is gorgeous. I felt great.

During Christmas Day, I was joyful. In the morning, I studied hard, but at night, I had time to play. I watched TV and read books with my family. I also love to play video games with my family together. My favourite game is "Overcook" and "Super Mario and Sonic at the Olympic Games". They are awesome.

Although I was delightful, I still wanted Covid-19 to go away. Because I wanted to celebrate Christmas outside with my family and my friends.

### Christmas

This Christmas holiday is different from other Christmas holidays that I had. Because of the coronavirus pandemic, we could not travel anywhere. However, we could still enjoy the beautiful scenery in Hong Kong.

On Christmas Day, Coco, Yoyo, our Mums and I went hiking on Lamma Island. First, we went to Central and took a ferry to Yung Shue Wan. The weather was balmy. The sun was shining. We started hiking from Yung Shue Wan.

On the way to the hill top, I felt extremely hot and tired. But luckily, there was a track down to a rocky beach, so we went down there to have a small picnic. Meanwhile, Coco, Yoyo and I walked around the rocks. I didn't feel hot or tired anymore, so we continued hiking.

We finally arrived at the hill top. There was a view point, so we decided to rest for a while and enjoy the view. The view was gorgeous. We took photos.

Later, we went down the hill to Sok Kwu Wan. Then, we went to a beach. Coco, Yoyo and I put some sand and rocks in a bag for Coco's turtle, Snappy. We also threw some shells into the sea. We had a perfect time.

Next, we visited an herbal garden. There were many small sculptures in the garden. It was peaceful inside.

In the end, we reached the dock and took another ferry back to Central. I had a great time on Lamma Island. I wish I could go there again soon.
