Note I treat this like a diary

My favorite TV program is called *America's Got Talent*. The program is on Pearl TV (Channel 84). It's about people showing their talent through stages of the contest. Some people are singers, some are dances. Some people are comedians, some are magicians. It's exciting watching them compete.

The hosts are Tyra Banks and Terry Crews. The Judges are Simone Cowell, Howie Mandel, Gabrielle Union and Julianne (I don't remember her last name.) (The women change every season.)

The program plays on Friday and the weekends. My whole family watches with me! We all think it's exciting (Even my gran who is older than you.)

Well, this is the end. Bye!

Hello everyone. My name is Gabrielle. My favourite TV program is Harry Potter. You can watch it on apple TV.

This TV program is about a boy named Harry Potter. When he was still a baby, his parents were murdered by lord Voldemort. When he grew up to eleven, he met Rubeus Hagrid. Then, he went to Hogwarts School of which craft and wizardry. In his first year, he fought lord Voldemort. He met new friends on the way, such as: Ronald Weasley, Fred and George Weasley (the twins), Hermione Granger, Dean Thomas, Parvati and Padma Patil, Cho Chang, Cedric Diggory and much much more.

In Hogwarts school of witchcraft and wizardry, in every student's first year would be sorted hat. There were four houses such as: Gryffindor, Hufflepuff, Ravenclaw and Slytherin. If you ask me how they were formed, you found the right person.

Hogwarts was found by four of the greatest witches named: Godric Gryffindor, Helga Hufflepuff, Rowena Ravenclaw and Salazar Slytherin. And that is how the four houses were formed.

The TV hosts are: Harry Potter, Ronald Weasley and Hermione Granger.

I often watch it with my sister.

My favourite TV programme

My favourite TV programme is Mr. Bean. I watch this programme on YouTube Channel usually. It is a continuous episode and talks about Mr. Bean's daily life.

Mr. Bean is the main Character to host the programme. I love it very much because Mr. Bean is very funny on his act and the behaviours in his daily life. He makes me laugh from his facial expressions. He shows dull himself and takes unbelievable actions like a child sometimes.

I watch it twice a week during the weekend with my little brother. We laugh loudly when we are watching it. I want to meet Mr. Bean in my real life.

My favourite TV program

I like and keep watching "Little Big Shots." It is variety show on TVB Pearl. The host welcomes child prodigies to the show. The child prodigies show their incredible talents in music, mathematics, science, etc.

The current host is named Mellissa McCarthy. The former host is famous Steve Harvey. I like Harvey more because he is very funny and clever. The child prodigies can do thing even adults can't do. Their performance are great. I admire them on their different skills.

I watch this TV show an every Thursday. I sometimes watch it with my parents. I also enjoy watching it by myself. The show is in English. I can improve my English speaking and listening ability. My slogan is "No dream is too big, and no dreamer is too small."
