A Special Day

My mother opened a new restaurant in Tsim Sha Tsui this week. There were so many friends of us came to visit us in there.

On Tuesday, my friend, Caleb and his mother came and tried our food. I played with Caleb. We drew pictures and played other games in the restaurant. We also ate ice-cream and drank soft drink together. I felt very happy. It was a special day because we haven't seen each other for two years.

A decorative border surrounds the text, featuring green musical notes, two blue birds perched on a vine, and a bottom section with white flowers and green leaves.

Chinese New Year

I like Chinese New Year because I can receive a lot of red packets. My mother and father help tidy our home. My brother and I help tidy our bedroom. My mother prepares some New Year turnip cakes and rice cakes and I also help prepare shredded turnip.

I like turnip cakes, rice cakes and Chinese dumplings. I get twenty red packets this year. My mum, dad, grandmothers, grandfather, some of my aunties and uncles give me those red packets. I save them in the bank. I can use the money when I grow up.

My Summer Holiday Plan

I like summer holiday most because this is the longest holiday in a year. We can go swimming at the beach and enjoy sunbathing. I like eating ice-cream at the beach.

I usually go back to my hometown in summer holiday. We go to the farm to pick some fruit and eat some delicious hometown food. In this summer holiday, we cannot go out. My mother asks me to join some classes. In addition to Maths lessons and Cambridge English lessons, I will join swimming class and drawing class. I can't wait to have my first drawing lesson because I can draw with my best friend, Stephanie.

I also plan to be a little teacher and help my younger brother with his homework. I think he will be happy with it. Although we cannot go outside this summer holiday, it should still be a fruitful summer holiday. I can't wait for it!

My Summer Holiday Plan

I like having summer holiday because I can play Lego at home or go out to play with my friends and cousins.

I usually read books, watch TV, play with my dolls, play Lego, draw pictures, sing songs, listen to music and play in the park. Because of Covid-19, I can only stay home to play this year.

I won't join any summer class because I think playing at home is so happy. Sometimes I will play with my elder brother. I feel happy in every summer holiday.

A Special Day in Disneyland

During the Easter holiday, my family and I went to Disneyland. We had a wonderful day with Disney characters.

First, we took the MTR to the Disneyland Station. Then we walked to the main entrance. We saw a whale fountain with a Mickey on it.

After we entered Disneyland, we saw Chip and Dale greeting us. We walked forward and took pictures with them. The most exciting part was the roller coaster ride. I got on the "Space Mountain" with my sister. I was nervous and scared. I kept holding her hand and kept shaking. Although it was thrilling, I enjoyed that exciting moment. I hope I can often hang out with my family.
