A Personal Letter to my friend

28th April, 2021

Dear Katy,

How are you? How's your life in Japan?

I went to the aquarium last week with my family. We had a great time there. First, we went to the sixth floor to see the penguins. They were cute. They were good at swimming. Then, we went to the second floor to see the jellyfish. Next, we went to a restaurant to have a yummy meal. At last, we went to the souvenir shop and bought some souvenirs.

Do you go to the aquarium before? Write back soon!

Love,

Victoria

My favourite places

There are a lot of good places near my neighbourhood. Some of them are my favourites.

I love shopping at TKO Gateway. It is in Hang Hau. The thing that makes it a good place is - snacks! Everyone likes snacks including me. How would a shopping mall be completed without snacks? There are many snack shops in TKO Gateway. Furthermore, there are sports shops, toy shops, restaurants and a wet market. You can eat, drink and buy fun stuff there. My mum always goes there with me. Sometimes, she brings my little brother there too. That is GREAT!

I also like McDonald very much. There are two McDonalds in Hang Hau. I enjoy eating, drinking and reading at McDonalds. I usually go there with my family. I like having cheese burgers and French fries. Everyone is happy. What do you like to order at McDonalds?

Chinese New Year Holiday

During Chinese New Year holiday, I went camping with my family. The campsite was on Lantau Island.

I set up the tent with my family. My father taught me how to set it up. Then my brother and I collected a lot of branches for our campfire at night. There was a big rock, so I could climb up and down.

At night, we needed to cook. First, I took the food out of the tent. It includes fishballs, noodles, eggs and ham. Then, my mum cooked the dinner for us. I said, "Wow! The smell is good!"

On the next day, I woke up at six o'clock. My father said, "You can watch the sunrise now!" We sat on the rock and watched the sunrise.

I felt excited on that day. I hope I can go camping again this year!

My Grandmother

My grandmother is older than my mother but she looks just the same age as her. Her eyes are little and she can't see clearly. She has long but thin hair. Her nose is big and flat.

She is very kind and nice. She is very helpful. She likes to help people in need.

My grandmother loves me so much. She takes me to school every day. She cooks for me, help with my homework and plays with me.

I love her so much. I hope she will always be with me.

A Day Trip to Lantau Island

Last Sunday, I went to Lantau Island with my family.

First, we took Ngong Ping Cable Car from Tung Chung to Ngong Ping. We selected the crystal cabin. When we got on the cable car, we were shocked because the floor was made of glass. We enjoyed the fine view outside the cable car.

When we got off the cable car, we went to our next spot - The Big Buddha. After we arrived, we saw an extremely long stairs. It made me want to give up, but Dad said, "Don't give up. You can do it!" Therefore, I ran up the stairs. Finally, I could reach the top.

I was very tired but I felt very happy on that day, because I could see the Big Buddha clearly.
