Somewhere Out There

A Musical

Performed by

P.3 Students

Author's Notes

The word 'acting' is derived from the Latin word *agere* means "to do". This is precisely what acting is.

To become a successful actor, one must possess many skills, such as good vocal projection, physical expressiveness and wild imagination. These wonderful talents are imbedded within the mind of our children and are waiting to be awakened. Giving the right stimulation, encouragement and support, these masters of the future can surprise you in many ways. Based on the song, '*Somewhere Out There*', the story is adapted to suit our Primary 3 students. With the valuable support of the English and Music teachers, the students have spent countless hours rehearsing for the musical.

With the Christmas season around the corner, students enjoy singing each song introduced in the musical even more. So what's better than a musical as the season's greetings?

I would also like to take this opportunity to thank the teaching team for their dedication in making this musical into reality. In addition to that, the Visual Art team deserves to have much credit for designing and making the props.

I hope you enjoy the show and encourage your children to be an active and inquisitive learner. Finally, I would like to wish you a very merry Christmas.
