Lamma Island

In this summer holiday, I needed to stay at home due to Covid-19. When the pandemic was not that serious, mom brought me and my big brother to Lamma Island to visit my grandma.

I stayed there for two nights. I went fishing with my uncle and caught clams on the beach. I also helped grandma to water the plants. I am very happy and have a good summer holiday.

My happy holiday

During my holiday, I thought of writing something on the Reading Book the day after tomorrow, I decided I could write a poem. I wrote my poem in my Reading Book. The poem's title is In the Park. The poem is like this: There is a boy. He is playing with a toy. There is a girl eating a pear. The pear is like an ear. There is a king. He is playing on a swing. There is a bee. It is flying near a tree. I think the poem is a little bit funny.

In my holiday, I played games with my dad and mom. Sometimes, I played by myself. On Sundays, I went out with my dad. We went to the park for running. I like my holiday very much.

Making the Dumplings

For my summer holiday, I mostly stayed at home because of Covid-19.

Last Monday, I made a lot of corn and parks dumplings with my grandmother.

She taught me how to make the dumplings. When we finished, she cooked the dumplings for our dinner. They were so yummy. It was very fun. I hope to do it again.

Stay Home Summer Holiday

I stay at home for the whole summer holiday because of the COVID-19. I usually play board games such as Snakes, Ladders, chess and Monopoly Deal with my parents at the weekends.

My favourite game is Monopoly Deal. It makes me feel so excited. We have lots of fun.

This summer holiday, we have no outdoor activities, but I still enjoy it because I can take a good rest.
