Chinese New Year

I like Chinese New Year because I have thirteen days of happy holidays. I help my parents to tidy up and decorate my home. I feel happy. It's meaningful. Because of Covid-19, we do not visit the home of my relatives this year. I stay at home, do the New Year homework and prepare for the exams. I like Chinese dumplings and sweet rice balls very much! My parents and relatives give me the red packets at Chinese New Year. I save the red packets money in the bank and donate some money to help the poor people.

Chinese New Year

Before Chinese Year, I help tidy my room and my aunt buys me some new clothes.

In the Chinese New Year holiday, I go to grandmother's home with my parents. I have a Chinese gathering meal with my family members and we play different kinds of chess together.

My favourite festive food are turnip pudding, sweet rice balls and Chinese rice dumplings.

I get twenty red packets all from my family members. I will save the lucky money in the bank and donate some money to people in need.

I like Chinese New Year because I can get a lot of red packets.

I like doing Reader's Theatre. It is fun. It is also easy to do. I really like working with my friends. When I do not know how to say some words, she helps me. When she doesn't know some words, I help her.

I want to have more activities like this. I want to talk with my friends. I want to write a story together with them. I have a story idea now, it is *A Cat in the Wood*.
