Zoom Lesson

I don't like having Zoom lessons because I can't talk and play with my friends. The Zoom lesson I like most is art lesson because I love drawing. At recess, I play with my toys.

I like having lessons at school more. One time, during a Zoom lesson, I raised my hand because I wanted to answer a question but the teacher ignored me. Then, he ended the lesson. I felt sad!

My Favourite Season

My favourite season is winter. It is cold and dry but sometimes, it is so hot in Hong Kong's winter and you can just wear a short-sleeved T-shirt!

In winter, I like to go hiking with my friends and my parents. I often play football and do outdoor activities because the weather is cool. No more sweating!

I love winter because I like cold weather so I can get under the quilt to keep myself warm and have a nice sleep. I wish there is snow in Hong Kong so that I can play with snowballs and build snowmen

My Favourite Season

There are four seasons in Hong Kong - spring, summer, autumn and winter. Among the seasons, my favourite season is summer.

It is very hot and sunny in summer. I go to the beach to swim and make sandcastles. Sometimes, there are typhoons in summer, which is stormy. I can only stay at home and play Uno.

I love this season because I can eat ice cream and turn on the air conditioner. I feel so cool!

My Favourite Season

My favourite season is summer. The weather in summer is hot and sunny. I go to Sai Kung Beach with my mother. I build sandcastles. My mother enjoys sunbathing. After that, we eat ice cream.

We also go swimming in Kung Tong Swimming Pool in summer. I play water fight with my mother and drink icy lemonade afterwards. We go home after we finish swimming because we are tired.

I like summer because I can have lots of fun outdoor!

Autumn

My favourite season is autumn. The weather is cool and windy. Humidity is not so high.

In autumn, I go cycling and flying kites with my parents on the hill.

I like this season because I feel comfortable with the weather. It is cool and dry. The insects such as mosquitoes are not very active. We can play outside all the time, especially in the countryside.
