Halloween celebration

On thirty-first of October, it was our school Halloween celebration. This is one of my favourite school events in a year. It was on Thursday this year and I needed to go to school.

As two of my classmates were infected by hand-foot-mouth disease, we had to stay in our classroom. Other classes could go to the covered playground to play together. Luckily, some parent volunteers came to our classroom. They brought some candies to us. They also played with us. Some volunteers dressed up as witch, Snoopy and a big green bean. We had a lot of fun with them. They stayed for around half an hour and then left.

Although we could not go to the covered playground to play with other schoolmates, we were happy to play with the parents volunteers in our classroom. I really enjoy Halloween celebration this year.

Cycling

This Sunday was a sunny day, I went cycling with my friends after going to church.

We went to the Hong Kong Velodrome Park. It is a nice place for cycling. My friends can ride very well, but I am not. So I practised and practised. At first, I couldn't balance myself. My mum held my bike. After one hour, I could ride by myself. I was very happy.

I will practise cycling in the coming days. I hope I can ride very well and I can go ride out of the park with my friends later.

My Summer Holiday

In July, we have a family trip to Korea. First, we go to the theme park. I ride on the roller coaster and carouse. It was very exciting!

Then we go to the water park on the next day. It is a sunny day. There are many colourful slides in the park. I feel happy.

After that, we go cycling by the seaside. We ride a bike, but it starts raining. Our clothes are all wet.

We stay for seven days in Korea. When we get on the plane, typhoon signal no. 8 is hoisted in Hong Kong. But luckily we can still arrive home at night. It is an unforgettable trip!

My Summer Holiday

I joined a five-day camp called “Typhoon Club Summer Magazine Writing” from 22nd to 26th July. I felt tired but fun.

On the first day, we went to Kadoorie Farm. It is very big but not too beautiful. Then I saw two cute baby pigs and they are as tall as me.

On Tuesday, I watched Toy Story 4. It was really scary.

On Wednesday, we went to Shatin Heritage Museum. We saw interesting Chinese opera stuff.

On Thursday, we went to Lions Nature Education Centre. We played city hunt and we saw many colourful insects. On the last day, we went to Hong Kong Disneyland. We played some games like the Small World and Mad Hatter Tea Cups. I was joyful. After all, this camp is fascinating and I want to join again next summer.
