## Skipping Competition

I have joined a Skipping Competition in the summer holiday. I do it with my parents on 31<sup>st</sup> July, 2021, Kowloon.

I won two gold medals and a silver medal. I feel very happy.

### Doing Science experiment

In the summer holiday, my mother and I do a floating egg science experiment at home after dinner. My mother prepares materials and tells me the procedure step by step. I follow her instructions and do the experiment.

I feel the experiment is magical because if the cup only has water, the egg will sink. But, if the cup has salt water, the egg will float.

This is what I did this summer.

## Daddy's Birthday

My daddy's birthday is in July. Mum and I made a Winnie the Pooh birthday cake at Home Bakery in Tseung Kwan O.

Firstly, we took some ingredients, for example, honey, flour, sugar, eggs, chocolate, oil and milk. I read the recipe and mixed the ingredients. Then we baked the cake in the oven.

I was happy and excited because I made a tasty cake for my daddy. My daddy was very surprised.

### Making mooncakes

On 15<sup>th</sup> August, we went to Fanling to visit our uncle's family. First, we went to the clubhouse to play games with my cousin. Then we went back their home to start the special event - making chocolate snowy mooncakes!

We first took a piece of 'snowy skin'. Then, we put the chocolate filling inside and rolled it into a ball. We then put the ball into the mooncake mole and press it out. Finally, we put the mooncake in the box and freeze it for a while.

Then I took it out from the refrigerator and taste it. It is so tasty!

## A wonderful day

On 25<sup>th</sup> July, 2021. My kindergarten classmates and I went to the movie theatre and watched a movie there. The movie we watched was called Butt Detective the Movie. It was very funny and I enjoyed watching this movie. After we watched the movie, we went to a restaurant to have our lunch. After that, we went to a park and played there. We all sweated because we were chasing each other. After that, dad and mom and I went to have ice-cream. I think it was a wonderful day. I am looking forward to the next gathering with my friends.
