### **An unforgettable day**

One day, I visited the Peak with my dad, mom and brother. When we arrived Central, I was very excited. There were lots of visitors lining up for the cable car. We decided to take a taxi because it was really crowded. I heard a taxi-driver said, "There hundred dollars up to the Peak." I realized it was an illegal charging, so I reported to police. Police came. The taxi-driver was fined for overcharging the fare. It was an unforgettable day.

### **A trip to Science Museum**

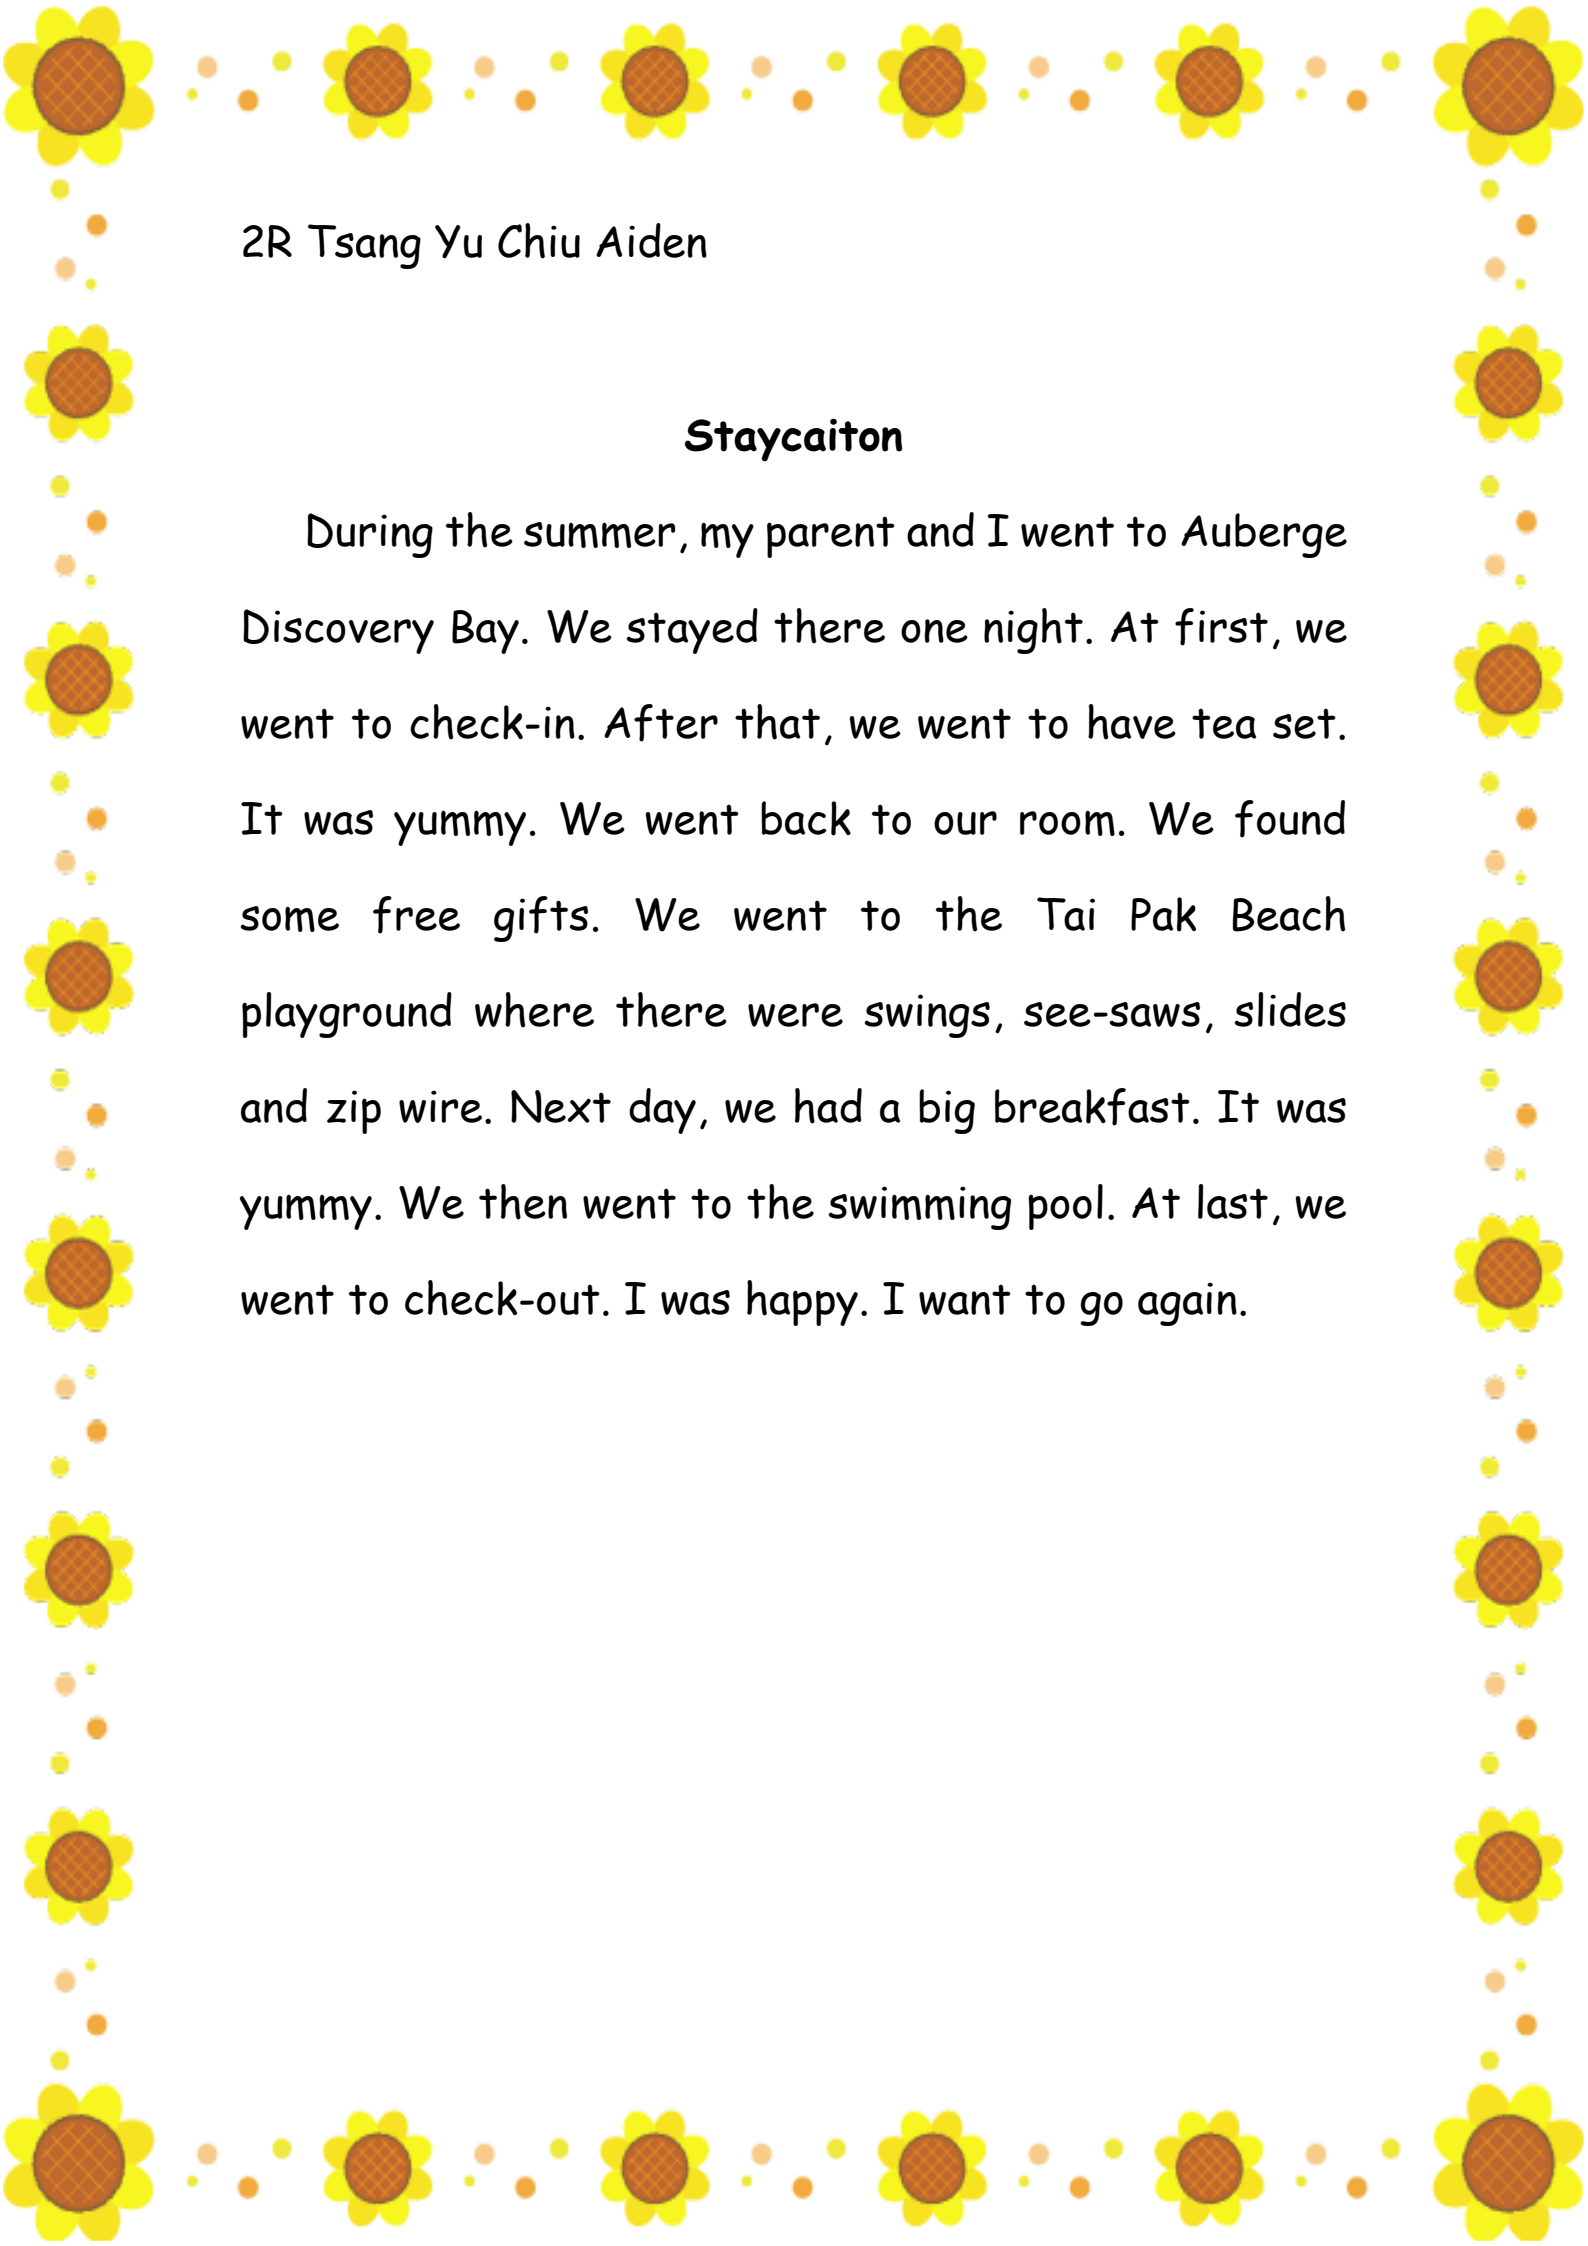

Yesterday I went to Hong Kong Science Museum with my father. We took MTR to East Tsim Sha Tsui. There are many interactive exhibits with different themes. The most impressive exhibit was to feel the wind of typhoon level in isolated closet. I had a great time.

### **My wonderful summer holiday**

I have a joyful summer vacation. During the holiday, I travel with my family. We go to Lamma Island by ferry from Central Pier 4 to Yung Shue Wan. It is beautiful. We visit the Yung Shue Wan Mian Street. There are shops, cafés and restaurants. We walk the Lamma Island Family Trail. We follow the path. We can see the attractive Hung Shing Yeh Beach and the hugo power station "Lamma Wind". However, the power station is closed and my brother is tired, so we eat to full pudding and take a rest. I like Lamma Island very much. I hope I can go there again.

### **Staycaiton**

During the summer, my parent and I went to Auberge Discovery Bay. We stayed there one night. At first, we went to check-in. After that, we went to have tea set. It was yummy. We went back to our room. We found some free gifts. We went to the Tai Pak Beach playground where there were swings, see-saws, slides and zip wire. Next day, we had a big breakfast. It was yummy. We then went to the swimming pool. At last, we went to check-out. I was happy. I want to go again.

### The Peak

I go to the Peak with my family in the summer holiday.

First, we go to the Peak tower to enjoy a full view of the Victoria Harbour. It is very windy and foggy there.

Then, we visit Madame Tussauds wax models museum. There are many local stars together with other international famous people. I take many photos with the wax models.

Lastly, we go to buy some souvenirs. I enjoy the trip very much and hope we can visit the Peak again.
