What I like to do at Zoom recess

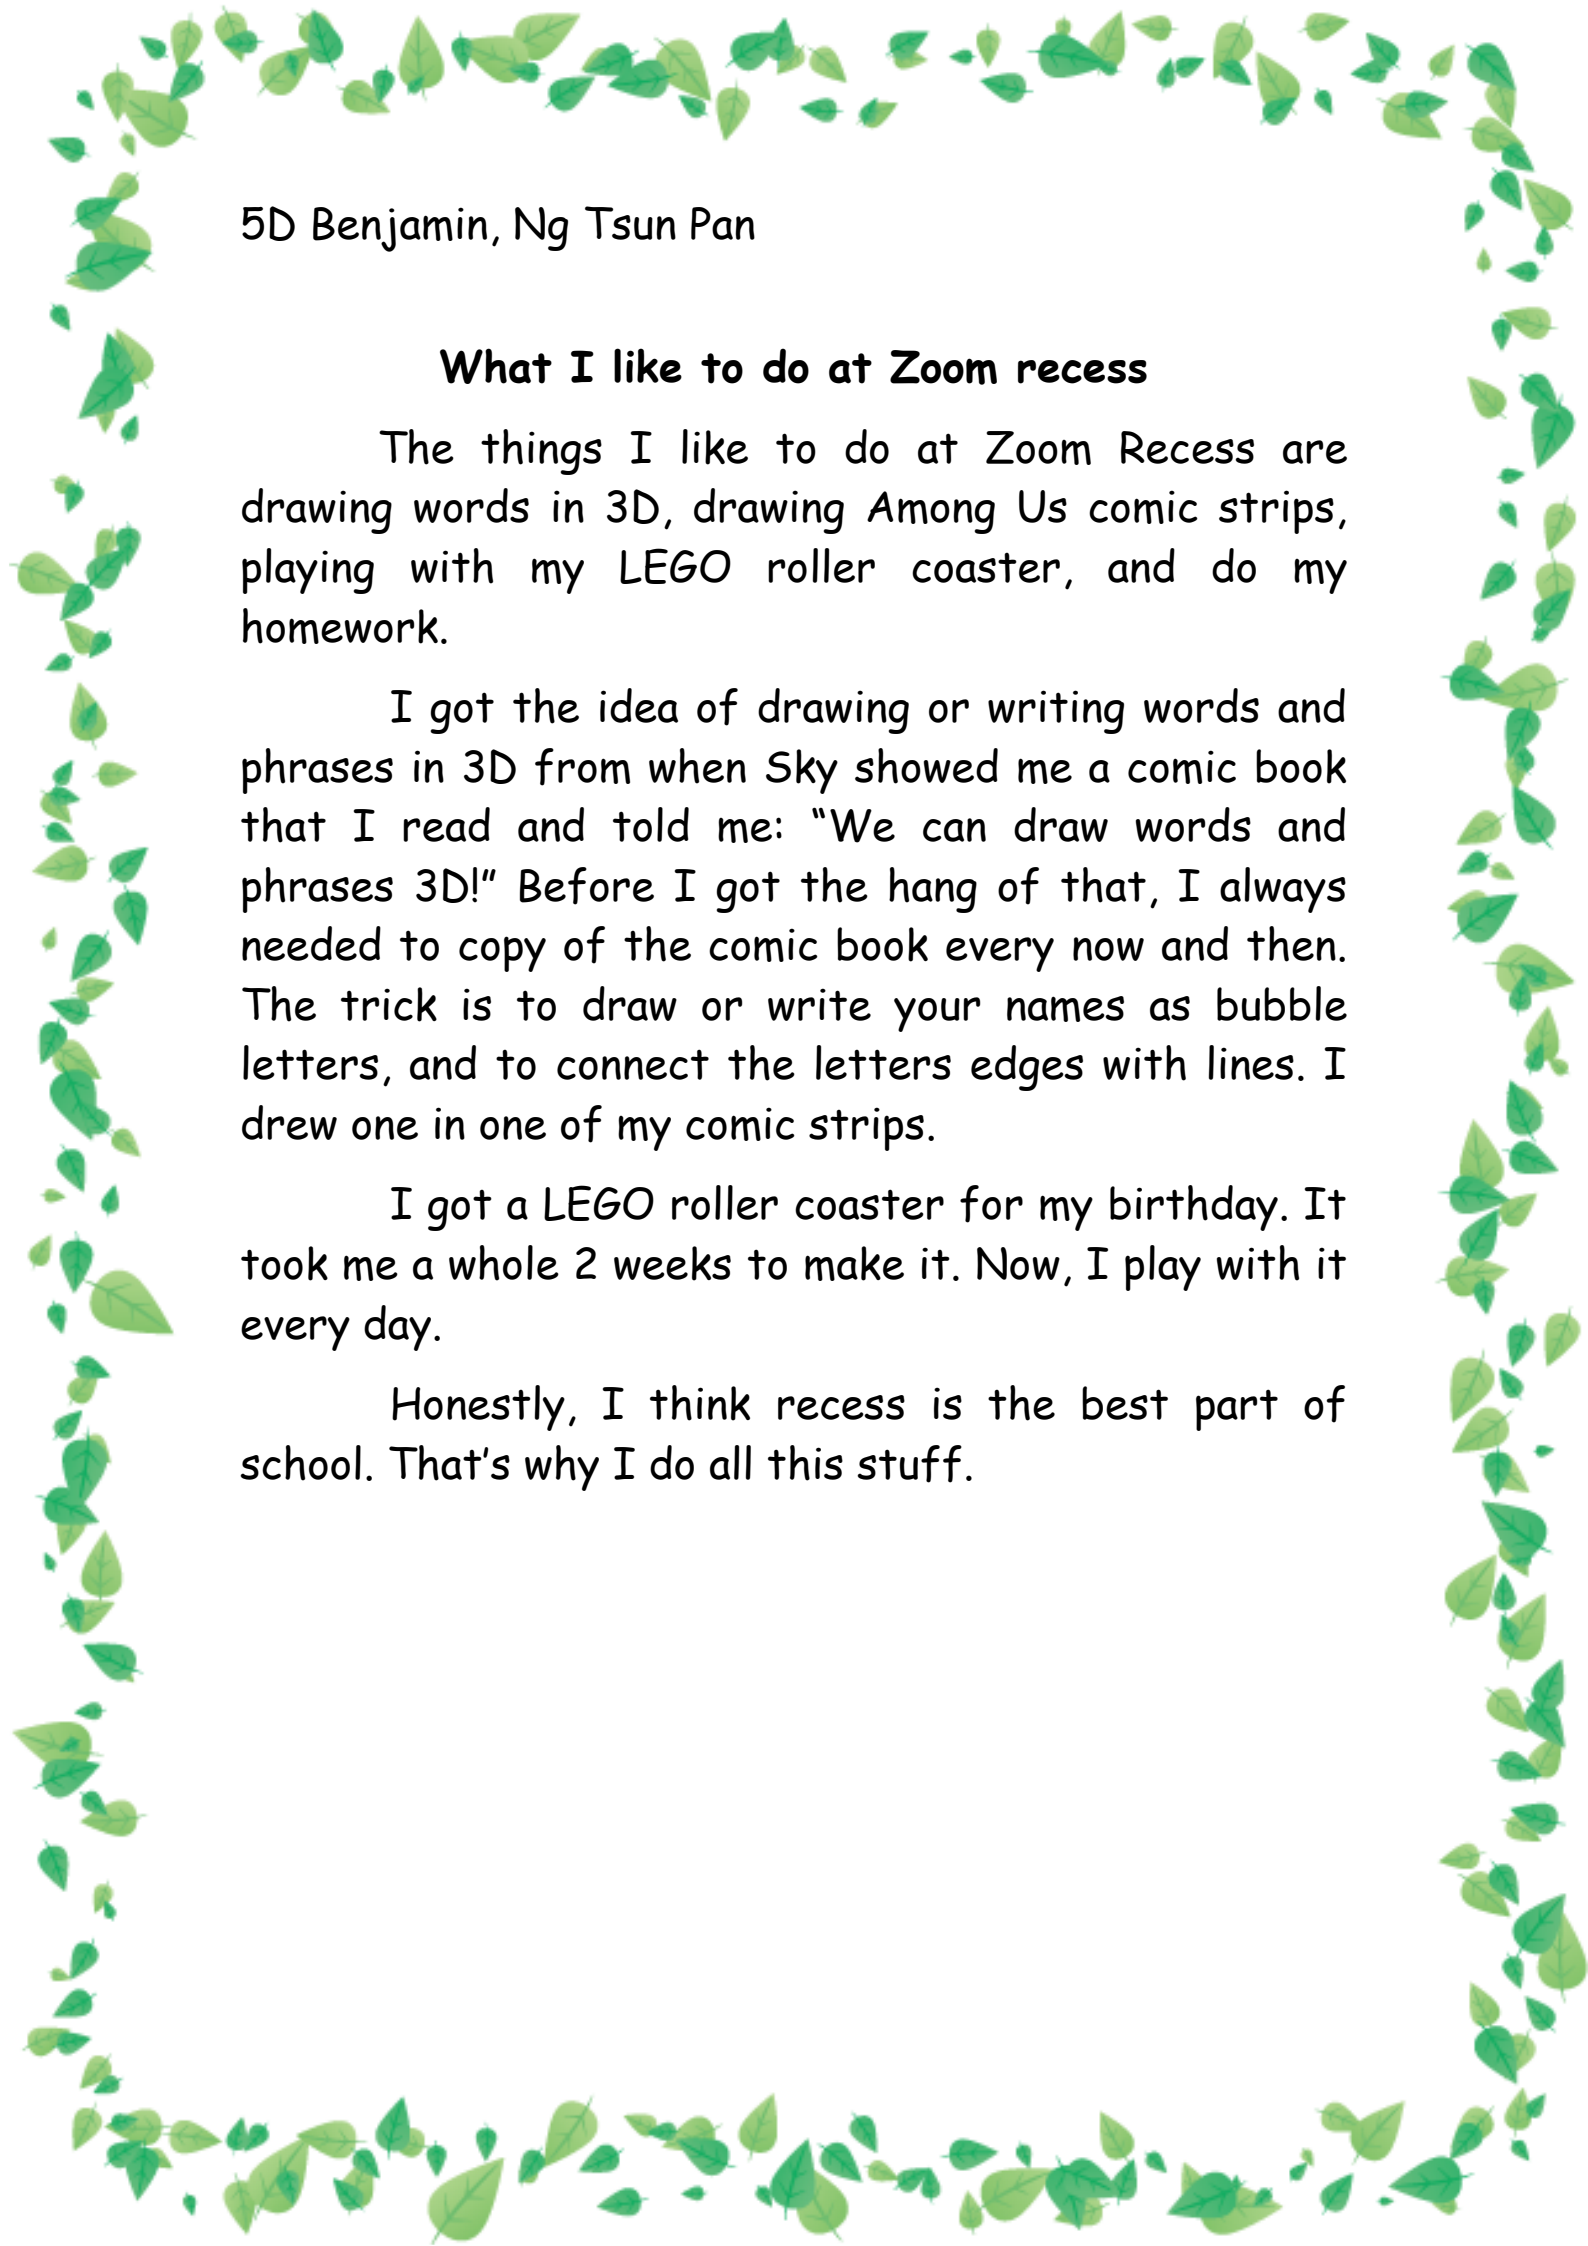

We are having Zoom classes at home these days in order to prevent the spread of COVID-19. It is only fun when we have Zoom recess. What are you going to do during Zoom recess? Well, I like to do these things, let me share them with you.

First, I like to do some easy exercises, because I sit at my chair and look at my computer for a long time to have our Zoom lessons, it is not healthy to sit for so long. Doing exercises could help me relax my body.

Second, I like to play LEGO or mobile games for a while. They are very attractive to me. We could not do these things at school recess.

Third, I would finish as much of my homeworks as possible. Then I could have more spare time after Zoom classes.

These are the things I like to do at Zoom recess. What do you think?

What I like to do at Zoom recess

The things I like to do at Zoom Recess are drawing words in 3D, drawing Among Us comic strips, playing with my LEGO roller coaster, and do my homework.

I got the idea of drawing or writing words and phrases in 3D from when Sky showed me a comic book that I read and told me: "We can draw words and phrases 3D!" Before I got the hang of that, I always needed to copy of the comic book every now and then. The trick is to draw or write your names as bubble letters, and to connect the letters edges with lines. I drew one in one of my comic strips.

I got a LEGO roller coaster for my birthday. It took me a whole 2 weeks to make it. Now, I play with it every day.

Honestly, I think recess is the best part of school. That's why I do all this stuff.

The things I like to do at Zoom recess

During my zoom recess, I can do something that I can't do during school recess.

During the big recess, it is thirty minutes long, I always play with my dog. Also, I usually do my homework and drink some water. I often chat in the 5D WhatsApp group about the day. I seldom eat some snacks, sleep with my dog and play with my phone.

Although there are a lot of recesses during zoom lessons, I still like having lessons at school because I can play with my friends at recess and go home with my friends together every day.

My Favourite Chinese New Year Food

My favourite Chinese New Year food is turnip cake. Do you know why I like turnip cake? It is because turnip cake is yummy and salty.

We usually eat turnip cake at Chinese restaurants as a dim sum. But I like to eat turnip cake with my family at home during Chinese New Year. I eat a lot of turnip cake during Chinese New Year.

My grandmother makes turnip cake during Chinese New Year. I have eaten her turnip cake before and the taste was as good as the one we have tried at the Chinese restaurant.

My grandmother has also taught me how to make turnip cake too! It is made with white radish, rice flour, corn flour, chopped mushrooms, dried shrimp, sausage and bacon.

Usually, we fry turnip cake until its colour becomes gold. It is very good-looking and tasty. That's why I like eating turnip cake very much. But I can't eat too much because otherwise, I am going to get fatter.

My Favourite Chinese New Year Food

Chinese New Year is coming. There is a lot of Chinese traditional food, such as rice cakes, fried dumplings and melon seeds. Which do you like most? My favourite is radish cakes because they are yummy.

Radish cakes are with white radishes, rice flour, Chinese sausages, dried shrimps, mushrooms, etc.

My grandma is good at making radish so I interviewed her. I asked her for the recipe for making radish cake:

1. Cut the Chinese sausages, dried shrimps and mushrooms into small pieces;
2. Cut the white radishes into thin strips;
3. Add water to the rice flour and mix it well
4. Add Chinese sausages, dried shrimps and mushrooms into a hot wok and cook it for a while;
5. Cook the white radish strips for fifteen minutes
6. Add seasonings
7. Mix all the ingredients and steam it for forty minutes. It's done!

I like eating radish cake very much but we should not eat too many snacks, especially when we can't do exercise outdoors now. Let's stay healthy! Hope to see you at school very soon!

My Favourite Chinese New Year Food

Chinese New Year is coming. My grandparents usually make a lot of delicious food for me such as rice cake, turnip cake, water chestnut cake... Among all these dishes, my favourite one is turnip cake.

I like eating turnip cake because it taste great! It is made by using white radish, smoked sweet pork sausages and the most important one, rice. I like to dip with sweet, tahini or spicy sauce.

Do you know what eating turnip cake means in Chinese culture? It means that we will be promoted step by step. Therefore, we should eat more turnip cake when it is Chinese New Year.
