A kid market

In the summer holiday, I went to the kid market with my family. The market was in Repulse Bay. I helped my mum to sell her handmade products and set up some games to play. It was so much fun. It gave us a valuable experience. I wish I can join this event again.

Have Fun in Cheung Chau

In the summer holiday, daddy, mummy and I go to Cheung Chau. First, we walk along the street of shops. Then we have lunch in a restaurant. Suddenly, there is a heavy rain. We need to wait for the rain to get lighter. We go to search for some famous snacks, e.g. jumbo fish balls, iced watermelon, Cheung Chau Mochi. We also go to the beach. I've got a lot of fun at the beach.

Lastly, we have seafood meal for our dinner. We have a happy day in Cheung Chau.

Po Leung Kuk Flag Day

On 11th August 2021, Ashely and I went to sell flag at Hang Hau. We were happy because many people helped us to buy flags. They put the money into our red money bags. Then, we gave the flags to them and said thank you!

At last, we gave our red money bags to our teacher and we got our certificates.

The Hong Kong Space Museum

On the first of August, my cousin and I visited Hong Kong Space Museum. We went to the Hall of the Cosmos. We learnt about the Solar System and the Universe from near to far. Then, we went to the Man in Space Hall and learnt the history of human space exploration. Lastly, we saw the video "The Big Bang". It reveals the evolution of the Universe.

I was so interested in learning about the mystical universe. I found that we were far away from the sun.

Guess where I went?

6th August was my birthday. My daddy and mummy brought me and my sister to a special place. There are a lot of rides to go on, such as roller coaster, ride high and Iron Man VR. We went to take photos with Mickey Mouse and Minnie Mouse. We also watched some shows. My favourite show is "Mickey and the Wondrous Book". We stayed in the hotel at night. Our room is big. Before we sleep, a delivery arrived. It is a unicorn birthday cake! Daddy used a match to light the candles. My sister sang me a birthday song and we ate the cake. It was yummy. The next day, we went to swim. Then we packed up and left. I love Disneyland. It is my best birthday ever!
