

A Trip to Cheung Chau

I go to Cheung Chau with my grandmother, dad, mum, aunt and uncle in this summer holiday. I go there on the 26th of July.

We rent a big three wheel bicycle. I sit on the bicycle and my brother rides the bicycle. I feel very comfortable.

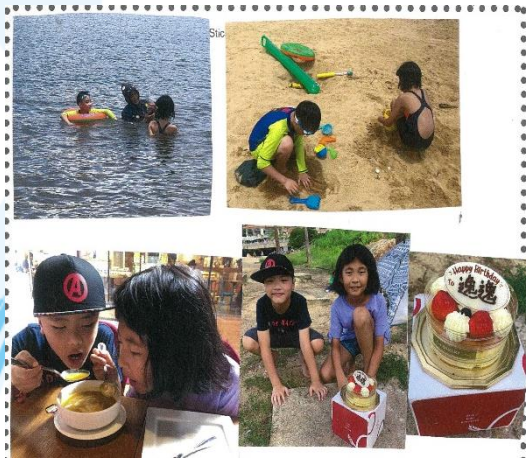

Then, I go to the beach. I swim and play water gun with my father and brother. Also, we catch many fish and small cuttlefish. However, my father and I are unlucky. He steps on the urchin and I step on the rock. We get hurt. I still feel happy because I can play a lot on that day.

On the beach

On 12th August, I have a wonderful trip in Discovery Bay. Mum and I go there with my friend Hailey and her mother to celebrate her birthday. In Discovery Bay, Hailey and I play on the beach. We swim first and then build sandcastles on the beach.

After lunch, we have fun in the playground. We play on slides, swings and other facilities. Both of us love playing on the see-saw. We have a splendid day in Discovery Bay.

My extra holiday under Typhoon Kompasu

I have an extra holiday on 13th October, 2021 because of Typhoon Kompasu. Number 8 Gale Signal is hoisted early that morning, so we don't need to go to school.

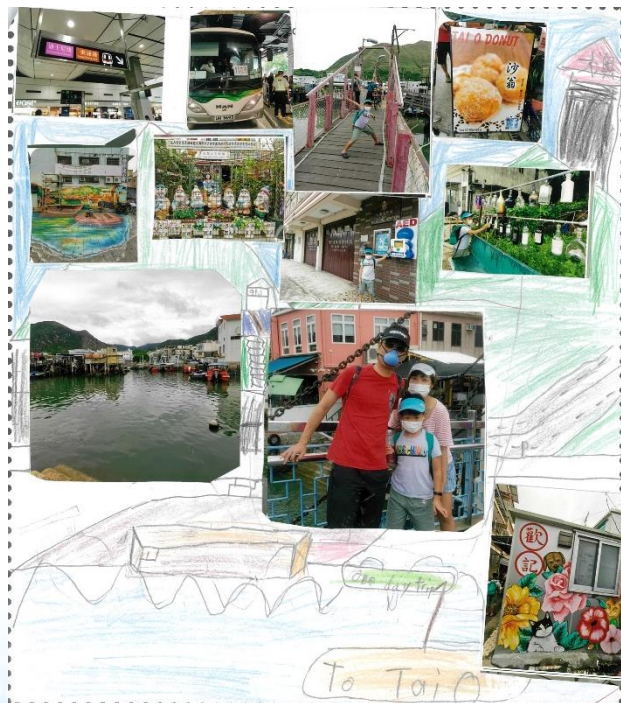

In the morning, I eat my breakfast and watch TV. I am tired and bored. In the afternoon, I eat lunch and then I play in the clubhouse. I feel happy. However, I feel sad for the ones who don't have their homes.

One day trip to Tai O

On 15th August, my parents and I took MTR to Tung Chung. Later, we took bus No. 11 to Tai O. It is a fishing village. There are many stilt houses built on waterway. They are really interesting.

We visited temples and Tai O Heritage Hotel. My mummy got some dried seafood and I ate a lot of yummy food. Finally, we took ferry to Tung Chung. What a wonderful day!

Amazing Day Camp

In the summer holiday, I join a day camp with my kindergarten classmates in Lau Fau Shan on 9th August, 2021.

I learn how to make a fire with matches and flint stone. I also learn how to use an axe to cut the wood and make a natural water filter by myself. At last, I build a cabin with my teammates.

I feel so happy and excited.

On 8th October, 8th November and 9th December, we do not have regular lessons. Instead, we have Project Days.

On these three days, I learn about food pyramid. I learn how to choose the healthy snacks. I also colour the food pyramid and design healthy meals. Besides, I learn about our emotions.
