I like to build my Lego castle during zoom recess. This is my Christmas gift: it is a giant castle of Elsa and Anna. It is beautiful and lovely. I like it very much. I enjoy watching *Frozen* and its sequel. What about you? Do you like them?

Sometimes, I will read books with my little brother, Sam. I like to read science fiction books. They are interesting and they can broaden my horizons. My brother enjoys reading them too so he always asks me to read the books to him. We love talking about space and aliens a lot!

## **My Favourite Chinese New Year Food**

My Favourite Chinese New Year food is rice cake. My dad says the rice cake sold in bakeries is too sweet. Therefore, this Chinese New Year, my dad and I decided to make it by ourselves.

We prepared a list of ingredients. We bought brown sugar, white sugar and rice powder in a market. Then, we cooked it. I do not know the recipe but when I do, I will gladly share it with you! After it cooled down, I tried one piece. I found it tasted good because it was just a little sweet.

My dad and I enjoyed the rice cake so much. I love the rice cake. How about you?

### **What I like to do at Zoom recess**

Oh no! Omicron has finally arrived at Hong Kong. We are back to Zoom classes again. I am sad because I can't talk and play with my friends at school recess, and I'm bored, being stuck at home!

During Zoom recess, I usually do all my homework. I like eating snacks too. My favourite snacks are chips, chocolate and strawberries.

I miss the library. I enjoy reading a lot. Of course, I miss my friends too. I wish Covid-19 will disappear soon so I don't need to stay at home every day.

### **What I like to do at Zoom recess**

Due to the outbreak of Omicron in Hong Kong, we need to go back to Zoom lessons. In order to stay healthy, my dad bought a basketball hoop, a table tennis table and a jump rope to encourage me to do more exercise.

Therefore, I like doing different exercise at Zoom recess. I always play basketball and table tennis with my brother at Zoom recess. I feel excited. If my brother can't play with me, I will turn to skipping. I enjoy doing exercise because I hope I can be a strong boy.

Apart from doing exercise, I like having snacks at Zoom recess. I usually eat fruit, cakes and biscuits. I feel I become energetic after eating snacks.

Moreover, I like doing homework at Zoom recess. Because I want to finish my homework early, then I can have more free time to play. I enjoy my Zoom recess so much!

## **My Favourite Chinese New Year Food**

My favourite Chinese New Year food is turnip cake because it is so yummy.

Do you know that? The ingredients used to make turnip cakes are white radishes instead of carrots even though "turnip cakes" is written as "carrot cakes" in Chinese. The first time I made a turnip cake was successful because my grandmother taught me. It is easy to make and I love to add lots of fillings, such as Chinese sausages, bacon, dried shrimps, mushrooms... in it. I like to fry the turnip cake in a pan, and the crispy skin is super delicious!

Try and hope you will love it too!
