My School

My school is PLK Luk Hing Too Primary School. It is in Po Lam. It is near to my home. I go to school on foot every day. It takes me fifteen minutes to there. It is a big school for boys and girls. There are about 600 students.

There are many classrooms, toilets and one library. There are lots of books in the library! The computer room is on the 3/F and is right next to the library. There is also a hall on the first floor.

We go to school with decent proper uniforms. I like my school uniform so much because it is blue and white! I love these colours! Students in this school are well behaved.

I love my school and I enjoy going to school every day. I feel proud of myself being a student in this school.

My plan on using the lucky money

During the Chinese New Year, we will get lucky money. We also call them red packets and red envelopes. These little envelopes are usually red for luck, happiness and good fortune. And they contain money.

When I get the money, I will save up until I become adults for something I truly want in the future. Now, I keep the money in the bank.

In future, I can use the money for purchasing my dream house and have my family. I feel happy and grateful for the lucky money.

My visit to Ocean Park

Last week, I went to Ocean Park with my dad at Chinese New Year. It was a pleasant morning and the cool breeze was blowing.

We went to the crocodile tank. I watched the crocodiles swimming! I also took photographs with them. Then, I went to the penguins' place and watched the officers feeding some penguins! I felt very joyful and grateful.

I would like to visit the theme park again because it was fun and exciting.

My Chinese New Year

I had a special Chinese New Year. There were many celebrations.

On Lunar New Year's Eve, I visited my cousin's home to countdown. All of us said "Ten! Nine! Eight!" It was the first countdown in my life. I was extremely happy.

On the first day of Lunar New Year, I went to visit my grandma and we had dinner there. The meal was the best meal ever because my grandma cooked very well.

On the second day of Lunar New Year, I visited my aunt and uncle. We had nice dinner there too. We ordered pizzas and spaghetti and much food. I was very full and excited. We even played some exciting board games. It was the best day ever!

I had a wonderful New Year and I wish everyone would have a prosperous year ahead too.

My first time in Australia

In the past summer, my parents took me to Australia. It was really hot there and the air was really fresh. My parents went to a hotel with me. There were trees everywhere.

My brother will go to Australia after finishing grade six and will pursue high school studies there, so my parents also went to visit some secondary schools and walked around there for sightseeing

When I came back, I was sad. I had such a great time in Australia and I hope I can visit there again.
