My Favorite Movie

Do you know what my favorite movie is? It is Wall-E. If I could be one of the characters of the movie, I would definitely choose Eve. If I were Eve in the movie, I would be thrilled to have such a unique and exciting experience. Being a robot, I would have access to the advanced technology and abilities that humans don't pass. Eve is a very special character in the movie, as she is equipped with a wide range of features that allow her to explore and interact with the world around her.

One of the reasons of choosing Eve is because of her love with Wall-E. Despite being a robot, Eve has a strong emotional connection with Wall-E, which is something that I find fascinating. If I were Eve, I would certainly cherish this bonding and do everything with my power to protect Wall-E.

Additionally, being Eve, I would be able to help others and make a positive impact on the world. I am a powerful and capable robot who is always on the lookout for ways to help those in need. With advanced technology and abilities, I am able to make a real difference in the live of others.

Overall, being Eve in the movie would be an incredible experience. I would be able to make a better world.

Chinese New Year

Time runs fast, a year past, it is 2023! I did a lot to celebrate the new year's arrival, and it's time for me to share you about what I did in the Chinese New Year holiday!

First, I did a spring-cleaning for my house. I gave away a lot of old clothes to others and my house was shining like a beautiful jewel. Second, we decorated our house with red couplets and some new flowers. They smelt good and fresh. Third, we filled up the Chinese New Year candy platter with a lot of candy. The candy all tasted good and sweet. Unfortunately, the Covid-19 was still serious, so we didn't go to the flower market.

Fourth, I visited my relative and received a lot of red packets from them. We also organised a family reunion dinner! The food was delicious! We watched a funny movie together and enjoyed the night. But the most unforgettable activity I did in Chinese New Year holiday was I went camping with my friends during winter! It was cold, but fun. I also ate yummy noodles every day while camping! I saw views which was amazing too!

I think this new year was the most unforgettable new year I ever had in these ten years. I've learnt that my family gave me a warm family. I wish I can have such an amazing and unforgettable new year again next year! What about you? Do you get a happy new year like me?

Doraemon

If I could be a character from my book, TV or movie, I would be Doraemon, because he is a very helpful person. Doraemon is a cat robot with a four-dimensional pouch that he uses to store various different gadgets. Not only that, but Doraemon has a human personality and uses the gadgets to help his friend Nobita.

I would like to be Doraemon because I would be able to pull out a lot of different gadgets from the four-dimensional pouch. I would also use some cool gadgets to show my friends and tell them what they do. Least but not last, I would use those gadgets to help people with their things such as helping someone with heavy groceries by using a zero gravity device that turns off gravity for something.

In conclusion, I would be Doraemon because I will be able to use a lot of different gadgets that can help and entertain people.

Chinese New Year

In was finally the Year of the Rabbit. Before Chinese New Year, I prepared a lot with my family.

First, we did spring cleaning to get rid the house of inauspicious spirits. I cleaned my room with my sister. Although it was tiring, I felt very satisfied. Then, we decorated the house with some red couplets and decoration. It made us recognize that Chinese New Year is coming.

On the New Year's Day, I visited the relatives. I received a lot of red packets. I also had reunion dinner with my family. It was delicious!

The most unforgettable thing was the poon choi we ate when we had the reunion dinner. It got a lot of different food in one big pot, such as chicken, fish, meatballs, fat choy and more. Also, I ate many different kinds of sticky rice cake. It made me extremely full and satisfied.

At Chinese New Year, I had a whale of time and it makes me go bananas. I like Chinese New Year very much.

Iron Man

One of my favourite movie is Iron Man. If I could be a character in any movie, I will choose Iron Man definitely.

Tony Stark was rich. He could design his armor with most powerful and amazing functionalities. If I were him, I could dress up as Iron Man and help everyone without worrying my ability and money. It would be awesome to be a superhero.

If I could wear the Iron Man Armor, I would fly in the sky and dive in the deep sea for adventure. I would use my ability to fight with the bad guys, aliens and even monsters. I would protect everyone in the world.

I would also donate money to charities, help the poor and clean the ocean too. Since Iron Man was rich, I would also like to taste the expensive and delicious food everyday like lobsters and abalone.

It must be very busy and exciting to be Iron Man. "With great power comes great responsibility!" Although this is from Spider-Man, it applies to all superheroes like Iron Man too. We should use our power to help people.
