### **My Favourite Festival**

The Mid-Autumn Festival is one of my favourite festivals because I can play at night time.

After dinner, we go to the park with my lovely lanterns. I see a big round moon in the sky. It's amazing and we take many photos.

After that, we go back home. We eat moon cakes and festive fruit, like pomelo and star fruit. I enjoy the happy moments under the moonlight.

## Mid-Autumn Festival

Lunar 15th of August is the Mid-Autumn Festival. On that day, I had hotpot with my family. Mum and Dad prepared a lot of good food for us. We ate mooncakes and pomelos together.

After dinner, we went to the park. We joined a DIY workshop to make our own lanterns. We took photos with a Big Moon Lantern. We saw the full moon and Saturn through the observatory telescope. I felt so excited.

I love the Mid-Autumn Festival because mooncake is one of my favourite food.

### **My School Picnic**

The school picnic is on 7<sup>th</sup> November, 2022. I go to Wu Ka Sha Youth Village in Ma On Shan. The weather is rainy, so I need to use an umbrella so that I won't get wet. I go there by coach. I go there with my teacher and classmates. I bring biscuits, sweets and water to drink. We play and eat snacks. It is so much fun.

I feel joyful and wonderful. I like the school picnic because there are so many things to play and do. I hope I can go there again and have more fun next year.

On 7th November, it is my school picnic. The weather is sunny that day. My teachers, classmates and I go to Wu Kai Sha Youth Village in Ma On Shan by coach. I bring snacks, like jelly, biscuits, sweets and potato chips. I share my snacks with my friend, Hazel. We play Rock-paper-scissors game while the other classmates are eating snacks. My class teacher helps me takes some beautiful photos. I chat with Hazel on the coach when we are on the way back to school.

I feel joyful at the end of the day. I like the school picnic very much because it is fun and exciting!
