## English Day Camp

I had a cheerful time at Po Leung Kuk Laws Foundation College. The school has a very modern outlook and even escalators.

I joined many games, such as "Escape To Happiness", "Get Over It" and "A Flight Over Obstacles". My favourite one is "A Flight Over Obstacles". I learnt some interesting trivia, such as how to use the correct connectives like "although / furthermore", "however / yet", and "but / but also".

Even though I didn't play all of the games, I still had a joyful time there. Last but not least, the mentors were friendly and kind to us. I can't wait to be a secondary school student at Laws Foundation College!

## English Day Camp

I like this English Day Camp very much because there were a lot of fun games for me to play like "A Flight Over Obstacles", "Get Over It" and "Escape To Happiness".

My favourite game is "A Flight Over Obstacles" because I got a chance to play with a drone. In this game, I could learn English in a funny way.

I thought this activity was very fascinating and interesting because I learnt a lot of English. I want to join the English Day Camp again.

It was Sports Day on 19th January. The weather was sunny, it took place at T.K.O. Sports Ground.

My friend Anson Leung took part in softball and 60 m race. I took part in sport softball at 100 m race. Anson Leung and I did terrible on softball. But I got the third place in the 100 m race. I didn't get the champion, but I'm still excited.

It was the end of the sports day, we felt happy and we wanted to win more events next time. What an unforgettable day.

## Chinese New Year

I was very happy in the Chinese New Year holiday because I went to my grandma's home. I have not visited her for years and I missed my cousins so much.

I travelled to my grandma's home with my parents by train. When we arrived there, we gave our cousins red packets. We stayed there for a week.

We played fireworks. I bought so many things there, one of the things was a blue hoverboard. I bought it because my grandma has a big backyard in her home.

We had a great time. We came back to Hong Kong after staying for a week.

## Chinese New Year

I love Chinese New Year so much. We moved to a new home in the holiday. I'm very happy! I needed to pack a lot of things, so I was very tired!

During the holiday, I Physical some relatives and got many rat packets. I also ate some festival food call Man like rice cake and tangyuan.

I've made two wishes! The first one is that I can get more Robuxes in the game. And the second one is I can get good grades in the examination!

### **My Friend's Birthday**

Last Friday was my friend Angel's birthday. She invited my family and I went to her birthday party at her house.

At 3 o'clock, we arrived at her house. Her mother, prepared a lot of food, there were sushi, hamburgers and chicken wings.

After lunch, we played, a lot of game such as you know, sweet, Monopoly, noodle and Lego. I felt very happy because I could play with my friends.

Then, Angel's mom brought out the birthday cake and we sang the birthday song. Angel made a wish and we ate the cake. The cake was a chocolate cake and it was yummy.

At last, we returned home. I was very happy and I hope I could invite Angel to my birthday party.
