My Summer Vacation

I went to a beach in my summer vacation.

At the beach, I played sand with my brothers and then we went swimming. I saw some crabs in the sea! I put one crab on my hand, it bit me! Then, I saw some fish and some rubbish. I put the rubbish back to the trash bin.

We left at 1 p.m. Then, we went to Sai Kung. I saw a lot of shells there. My brother helped me to take a photo there. Then, we went to a restaurant to have some food. After that, we went back home.

I was very happy as I visited lots of places this summer.

During the summer holidays, I went to a beach with my family.

First, my mom put a mat on the sand and she went sunbathing. My sister and I built the beautiful sandcastle at the beginning. Then, we went swimming with my dad.

Finally, we had yummy dinner outside and we went for a walk after the meal.

We all had a wonderful day!

My Summer Vacation

I went to the clubhouse pool this summer holiday. I changed my swimming clothes and went to the pool happily!

The pool was huge. I swam for a few laps and I was tired. Moreover, I saw an outdoor pool and I went out. Because of the sunlight, there appeared some ripples. I jumped into the pool. Splash! It was cold but relaxing. I went up the mini slide and yelled " Hurray!" I shouted as I slid down. That was fantastic and wonderful!

It was time to go home. However, I found a jacuzzi pool! I stepped upon. " This pool is relaxing!" I said.

I went out and went to the girl's shower room and shouted " Why is this place so cold?" I took a shower and went back home.

I felt tired but happy. I hope everyone can enjoy their summer vacation.

My Summer Vacation

During the summer holiday, I went to a hotel with my family.

First, I woke up early, then I had my breakfast. I felt very excited on that day.

Next, dad drove us to the hotel.

Then, we arrived there. When I walked into the lobby, I was surprised that it was so big and luxurious. I felt very happy. Our room was gorgeous. It had a big bedroom and bathroom. Mom said " It is time to have dinner."

In the end, we ate many things in the hotel such as lobsters, sushi, etc. The food was really yummy.

What an unforgettable day!
