Chinese New Year

Today is the second day of the Lunar New Year, Year of the Rabbit. I visit my families.

I love family reunions because I can play board games and video games with my cousins. I also love eating the candies and sunflowers seeds. I write red couplets to them to decorate their house. It is a joyful festival.

Chinese New Year

Chinese New Year is on the first day of Lunar New Year. The Chinese Zodiac of 2023 is the Rabbit.

Before Chinese New Year, we would buy new clothes and decorate our house.

During Chinese New Year, we would watch lion dances, eat sesame balls with our family and get red packets from our relatives.

I like Lunar New Year because I can eat a lot of yummy food and I enjoy family reunion time.

Mother's Day

Mother's Day is on the second Sunday of May. I baked a cake in bakery shop with my Mum, Dad and sister on that day. Then, we took Mum to a Chinese restaurant to celebrate with grandmother too.

I drew a Mother's Day card and bought some flowers to my mum. I did housework and helped my mum take care my sister.

My Mum felt surprised and touched when she saw the present and flowers. I will study hard, get good marks and help her do housework to show my love to her in future.

Father's Day

Father's Day is on the third Sunday of June. In the morning, dad and I play video games at home. Then, I do sports with him in the sports center. At night, I give dad three presents. They are a tie, candies and a card. He loves the presents very much. Dad is glad and surprised.

I will be obedient, study hard and get high marks to make dad happy. Also, I want him to be proud of me.

It's almost Mother's Day and we celebrate something fun on that day. On Mother's Day we draw special cards and buy presents for mom to show how delighted I love Mother's Day. Mother will feel glad because of my hard work.

I will also study hard and get good marks to make Mum happy! I hope Mum and I are happy every day. Every day is like Mother's Day for us!

Mother's Day

Mother's Day is always the second Sunday in May. In 2023, it falls on May 14th. At school, I designed a cup mat and drew a card for my amazing mum. I will give them to her on Sunday morning together with my big kiss.

After that, we plan to spend the day with my dear grandma. They both are my sweet angels and take care of me. When I grow up, I will do well and study hard to repay them.
