## Sports Day

Two days ago was the Sports Day. That day, I woke up early in the morning (not really). Then I ate breakfast at Café de Coral. After that, I walked to the sports centre with my dad.

Since we arrived later than most of the classmates, I have to sit at the front row. I waited and waited and waited for the speech which the principal was delivering (Yawn~). Finally, the speech ended and the race began. The cheerleaders cheered for Red. I joined too. Later I felt bored and had some snacks. Suddenly we saw the red house win a race. Therefore, we all jumped up and down excitedly.

'The Group B Girls softball, please report to the Assembly line,' the announcement said. Oh no! it's my turn now. I was very nervous. At last, I threw for just a few metres and lost. Anyway, I was still happy because friend won third place. Good for her!

The race ended and the Green House won. Red House lost and we were sad. I had learnt not to be nervous and try my best. I decided to join the running race and softball throwing next Sports Day.

### **Lunar New Year**

On the third day of Lunar New Year, my parents and I went to Hong Kong Disneyland. It was a sunny day.

There were a lot of Chinese New Year decorations in Disneyland and they were very beautiful. We played a lot of rides such as Iron Man Experience, Ant-man and the Wasp, Slinky Dog Spin and Winne the Pooh boat. Then, we had a semi-buffet lunch at a restaurant in My Stic Point and it was delicious.

At night, we watched the fireworks and it was wonderful. I had a lot of fun. I was tired buy very happy. It was a good memory for me.

### Sports Day

Last Thursday was our school's Sports Day. Our school had our last Sports Day three years ago (but I didn't take part in it), and it was such a long time!

When my dad and I arrived at Tseung Kwan O Sports Ground, I found some classmates lining up. Others just walked around with the parents. Soon, the teacher went upstairs with us.

After we went up the parallelogram-shaped stairs, I walked to the blue house entrance. The door of the entrance opened when everyone was in the seat.

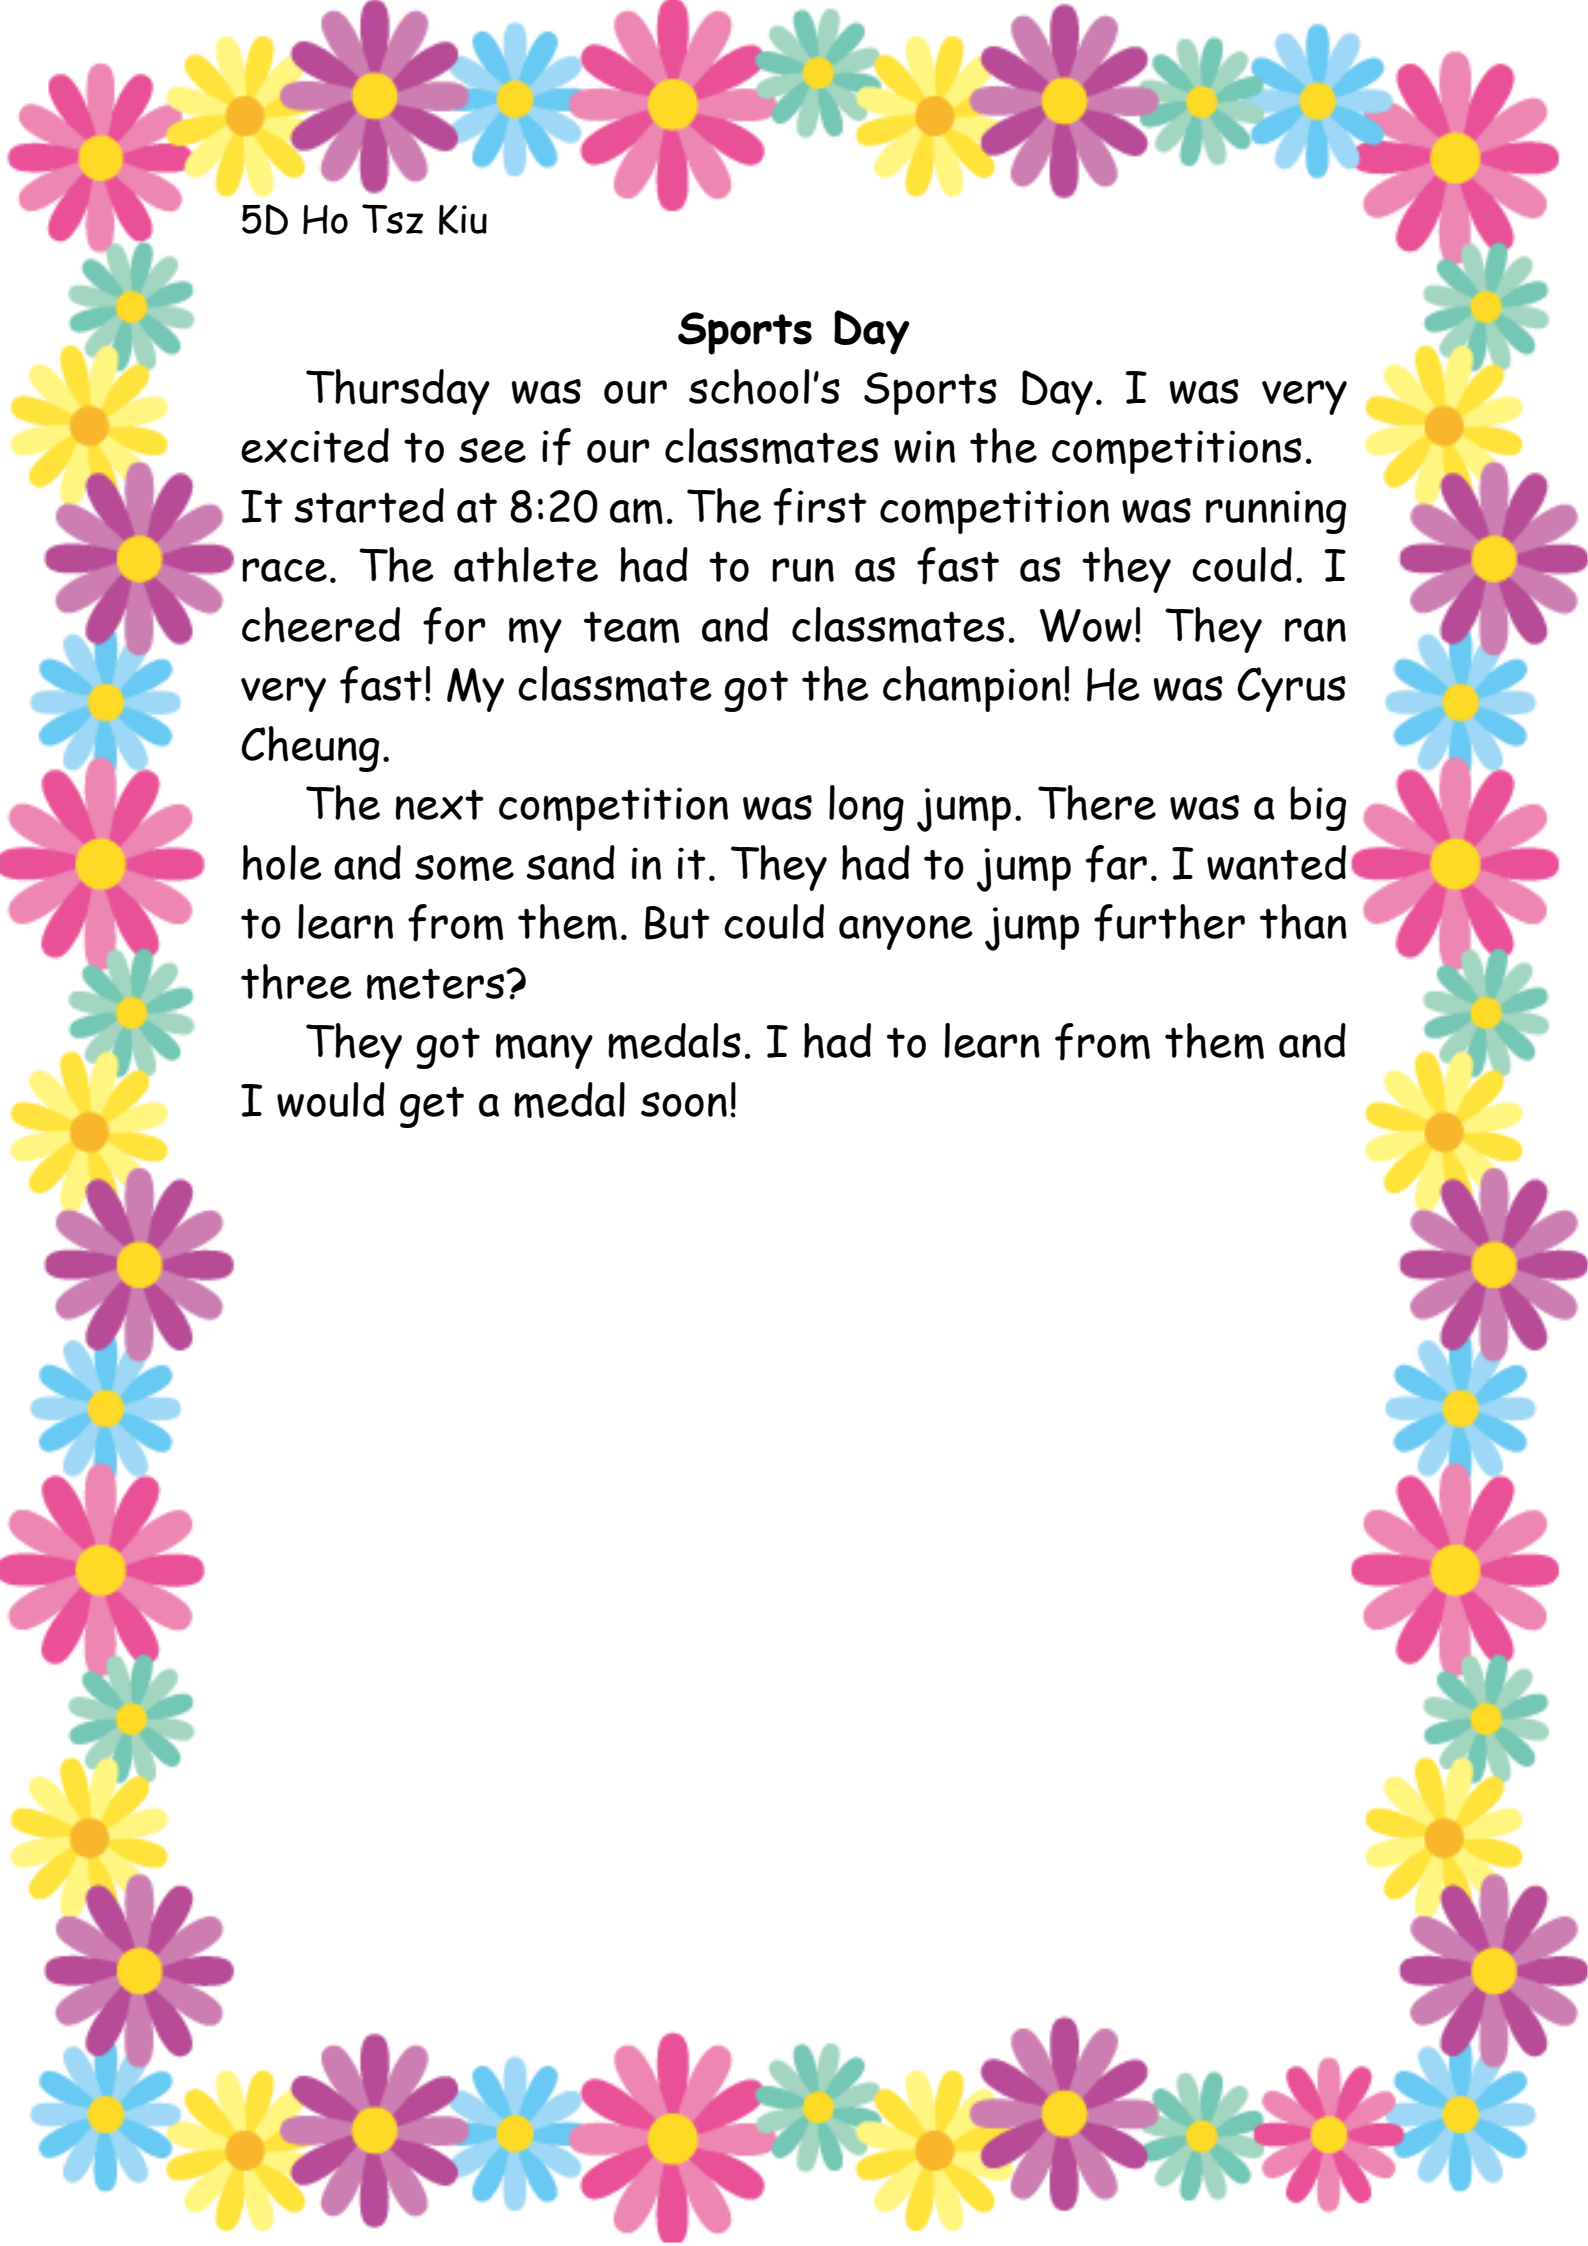

The competition started soon. Every competitor ran. We cheered loudly and shook our pompom. My classmates sometimes attacked the other with their pompoms.

Many of my friends took part in the race. Cyrus Lee wasn't happy because he couldn't enter the final race. I comforted him.

'It is the final race now!' I said. Miss Ho told us a catchphrase and we followed. While we were crying 'B-L-U-E, we are the best!' loudly, we were shaking our pompoms hard. I cheered so loud that my voice changed after cheering.

Although the Green House won at last, I still had a good time. However, Cyrus kept saying that he wanted to leave. We also raced with our affiliated school and had the relay race with the other three houses. We got one gold medal.

Miss Ho congratulated us and said we did a good job. It was time to leave at last. Although I didn't take part in the race, I also had a cheerful time cheering for our house.

### **Sports Day**

Thursday was our school's Sports Day. I was very excited to see if our classmates win the competitions. It started at 8:20 am. The first competition was running race. The athlete had to run as fast as they could. I cheered for my team and classmates. Wow! They ran very fast! My classmate got the champion! He was Cyrus Cheung.

The next competition was long jump. There was a big hole and some sand in it. They had to jump far. I wanted to learn from them. But could anyone jump further than three meters?

They got many medals. I had to learn from them and I would get a medal soon!

### **Chinese New Year**

At Chinese New Year, uncle bought my family to Sai Kung for birdwatching. He drove us to Fairview Park, then we used telescopes to watch birds from miles away. We had to wake up early to see the birds but I was still very joyful.

Do you want to know how beautiful the birds are? They're very pretty! Some has black feathers, some have red feathers, some have yellow feathers and more! They also have small cute sparkly eyes and a chubby body! Aren't they just cute and beautiful?

Next, uncle bought cameras to take amazing pictures of birds. At first, I didn't know how to use the heavy camera, after uncle's teaching on the use of the camera, finally, I knew how to take pictures! I felt so delighted. In the end, we all went to an Italian restaurant to enjoy our dinner and watch all the beautiful photos of birds we took. We all felt amazingly proud at that moment.

I learnt that we should always treasure our family's relationship with them because someday, it will be gone.
