The Most Unforgettable Trip

My most unforgettable trip was the trip to Philippines. We arrived at the Hong Kong international airport and took two planes to one of the Philippine's island, Coron.

As Philippines is famous for its beautiful Ocean area, we snorkeled around Coron. Surprisingly, we even saw sunken ships and many sea creatures, such as sea turtles, seahorses, jellyfishes etc. Also, we saw a gigantic whale shark swimming around us. It was so cute!

At last, we left the Philippines reluctantly. I think Philippines is an underwater wonderland which is full of history and animals. I hope I could go to visit Philippines next year!

An Unforgettable Event in the Summer

In this summer holiday, I set off for Okinawa with my mom and dad. On the third day of the trip, we played at the sea inflatable water park at the beach which is next to our hotel. It was my first time playing it. It was great.

The sea inflatable water park was big and colourful. It had two big slides, two trampolines and an aqua arena. Feeling delighted, my lip curved into a smile. First, I tried the aqua arena. It was extremely slippery, so I fell all the times. It was very difficult, but I didn't give up. Next, I played the bouncy trampoline. It was very exciting. At last, I tried the higher slide, which was five metres high. It was so high that I was so scared. I felt stunned. I struggled for a while before deciding to give it a try.

In the end, I slid down the slide and I thought I wasn't scared at all, so I slid down many times.

Overall, this was my unforgettable trip. I know time is precious, so we must cherish the happiness with my family.

My Weekend

On the last Saturday, my family and I went to the Ocean Park.

It was at noon when we arrived at Ocean Park. We decided to have our lunch first. After that, we would go to visit other exhibition halls and play other amusement rides.

After that, we finished our yummy lunch. We started to go ready. We visited the aquarium first. There were a lot of beautiful fish. My mom took a lot of photos. Then we went to play the rapids. The boat was fast and there was a slope. When we went through the slide, we screamed and shouted loudly because it was stimulating.

It was about four. We decided to visit the pandas. We missed them. They were so cute and I wanted to touch them. At that time, they were sleeping soundly.

After talking with my parents, we decided not to have dinner there. It cost a fortune. We would go to Tsim Sha Tsui to have dinner.

At about six, we left Ocean Park. I didn't want to leave Ocean Park. My parents promised me we will visit there again.

An Unforgettable Event in the Summer

In this summer holidays, my family and I went to Bangkok. It was a wonderful trip.

We decided to go to the Safari Park. We went there by taxi. It took three hours to get there. When we arrived, we saw some baby lions sleeping. They were so cute and interesting.

After a few minutes, we sat on a car. The car was painted meticulously as a zebra. First, we visited the deer and fed the other animals, like monkey, cow and so on. Then, we visited the lion and the tiger. They looked so hungry. Honestly, I was scared of them.

After that, we visited the giraffes and zebras. The giraffes were tall and slim. We loved them.

At last, we went back to the lobby of the park and went back to the hotel by taxi.
