My Summer Holiday

In this summer holiday, I go to Bangkok with my mother and father. We go to the Safari World zoo. At the zoo, we take a bus to see lots of animals. I see giraffes and ponies and feed them. Watching monkey and dolphin shows is very funny. The dolphins jump in the water and the monkeys do a boxing performance. We eat a lot of delicious Thai food, for example mango sticky rice, green chicken curry and thai-style fried rice. Unfortunately, I get sick at the end. I feel this trip is very unforgettable. I look forward to traveling with my family again.

Ocean Park

My summer holiday was so much fun, I went to Ocean Park with my father. We went there by train.

We visited the very big aquarium. I saw some kinds of fish, such as dolphins, jelly fish, stingray and starfish. I like dolphins because they are clever.

After that, we took the cable car to see beautiful sky. I feel do happy and excited at that time.

Amazing Japan!

This summer holiday, I went to Japan with my parents. The main reason of going to Japan is I needed to attend the art exhibition (2023 Hong Kong student high quality painting exhibition in Osaka). We made a friend there, and met again in Osaka airport and we promised to meet again in Hong Kong. We also went to Nara, we fed the deer and rode the rickshaw as well. We went to the Osaka aquarium, it is my first time to see the whale shark! And I also went to the Osaka Kids Plaza, there are so many things to play, there are bubbles, body (X-ray) and more! I discovered that Japanese use ice water for respecting, almost no rubbish bin and it doesn't have much street light as Hong Kong, I love Japan, I wish I can go there again shortly next time!

There are many types of toys that I could play freely. I like playing in the stone pool and balls. I like going to picnic very much.
