Our School Picnic

We had our school picnic on 15th November, 2023 with our class teachers and classmates by school bus. This year, we went to Sai Kung Outdoor Recreation Centre.

When we arrived, we all went into the big hall and had a briefing about the campsite. And then my friends and I walked around the campsite to see where was the basketball court. We went to the indoor sports ground to play badminton and table tennis and the recreation room. My friends and I played basketball, badminton and air hockey together.

We had lunch at twelve o'clock and I ate shrimp crackers and drank honey green tea.

The most memorable thing was when my friends and I were playing badminton, Caleb made a mistake to he couldn't serve the ball to my side. Then we argued about that. Sadly I fell on the ground. Everyone was laughing because I was funny.

I enjoyed the picnic. I felt happy and thought it unforgettable. I wanted to go to Wu Kai Sha next year and I will play basketball, badminton and air hockey if there were basketball court, indoor sports ground and recreation rooms there.

I had the school picnic at Sai Kung Outdoor Recreation Centre yesterday. First, class teachers, my classmates and I took a class photo. Then a staff welcomed us and had a briefing about the campsite at the hall. After that, my group members, Hoby, Arcus, Caleb and I went to the basketball court and played basketball. I couldn't believe my eyes! I shot the ball in! We also went to play badminton in the Indoor Games Hall. I beat them easily. We ate snakes on the bench outside the hall too. Therefore, we played table tennis in the Indoor Games Hall again.

Oh! It was twelve o'clock. Our class went to the Children Play area and we sat on the bench. I had an onigiri and green tea with roasted rice.

After lunch, we went to the Karaoke room. We saw some students dancing. Their body movements were funny. 'The four naughty students' laughed at them.

I enjoyed this picnic. I had a load of happiness visiting there. I hope we can go to Lady Maclehos Holiday Village next year. I want to play snooker because there is no height limitation.

When we arrived at the campsite, we had a briefing about there and took a class photo. My group members are Abraham and Regina. We played table tennis, badminton and tried wall climbing.

At the lunch time, I found out that I forgot to bring my lunch box. Luckily, I had some snacks in my backpack and my groupmates also shared their lunches with me.

My classmate lost the Octopus card in the campsite, so he was very worried. Teachers looked for it but they couldn't find it.

I didn't enjoy the picnic because I got sick. I hope I will have a healthy body to go to the picnic next time!
