### **My favourite Season**

I love autumn most because of the warm colours of the leaves. The leaves on the trees turn red, orange and yellow. Everywhere looks like paintings. The weather in autumn is cooler and windy. It's not too hot like in the summer, and it's not too cold like in the winter. It is just right for hiking and playing outside.

It is a great time for outdoor activities like going camping. I like to go camping in Yuen Long with my family in autumn. We can have a barbecue and fly kites. I feel so relaxed and refreshed!

### **A Special Day**

On the first day of Chinese New Year, my family and I gathered to celebrate this special day. We woke up early and put on our traditional Chinese outfits. My whole family went to grandparents' home. We expressed our gratitude and blessings to grandparents. Then they gave some red packets to us. The room was filled with joy.

After that, we sat down for delicious breakfast. We enjoyed some dumplings, sticky rice cakes and radish cakes together. They were all made by grandmother.

After we finished the meal, there was a lion dance troupe performing lion dance in our house. It was truly a special and meaningful day.

### **A Special Day**

The most special day in my life was 28<sup>th</sup> January, 2018. It was the day that my little brother is born. I remember I was sleeping very deeply until I heard my mommy and daddy talking very loudly outside my bedroom. Daddy drove me to my grandparents' home and I felt very excited. I would become a big sister! I have always wanted to be a big sister and this was a dream come true!

### **A Special Day**

I like dogs. I wish to have a dog as my pet. One day, I go to a pet shop with my parents. There are many dogs in the pet shop. I see a little puppy looks special. Its colour is beige. Its eyes are twinkling. Its hair is so fluffy. It is so cute! I ask my mom to buy me the puppy. My mom and dad like the dog too. Then we buy the puppy. We feel so happy on that day.

It is a special day because I have my own pet. It is also my dream dog!

A decorative border made of green leaves and stems surrounds the text. The leaves are scattered along the top, bottom, and sides of the page.

### **My favourite Season**

My favourite season is winter, because I can play a lot of winter activities. In winter, the weather is cold and windy, so I wear thick clothes.

In winter, I and my family often have hotpots together to warm ourselves up. Moreover, we also have barbecues together sometimes. We cook chicken wings, chicken chops and mushrooms. We take hot springs together too! The water is very hot. It is forty-five degree Celsius.

In winter, I like to go to Japan with my family, because we can ski and take hot springs. I feel happy in winter!
