Our School Picnic

We had our picnic on 15th November, 2023 with our classmates and class teachers by school bus. This year, we went to Sai Kung Outdoor Recreation Centre.

When we arrived there, we took a class photo first. Then, we had a briefing about the campsite. My groupmates were Eston, Yichi, Damon, Alvin, Isaac and me. When we finished the briefing, our class teachers dismissed us. Then we found a good place for picnic.

At noon, we started having lunch. I bought a lot of yummy food, such as rice balls, potato chips, sweets and peanuts. I also had a bottle of cream soda and an ice lolly. I couldn't finish it. Damon brought some chocolate Oreo and I ate some. It was delicious.

After lunch we did archery. My groupmates couldn't hit the bullseye of the target, but I hit it twice! I think I might have discovered a new interest.

I enjoyed the picnic so much, because I could play with my friends. I felt happy. This picnic was unforgettable to me. I would like to go to Ocean Park next year and I hope I could ride the roller coaster and play in the haunted houses.

Japan Trip

I visited Japan with my mum, brother and friends during summer holiday. We were excited.

Firstly, we went to the zoo. There were over a hundred species living in the zoo. I saw many animals such as giraffes, monkeys and gorillas. When we were walking, a gorilla urinated in front of us. Luckily, there was a glass wall which protected us. It was funny.

Then, we went to Sakurajima which was an active volcano. The volcano ejected volcanic ash. It was amazing. I bought some volcanic ash from a souvenir shop. It was wonderful.

I had an unforgettable trip in Japan. I saw beautiful scenery and many animals. I learnt that we should protect the environment and culture when we visit a place.

We had our school picnic on 15th November, 2023 with our class teachers and classmates by school bus. This year, we went to Sai Kang Outdoor Recreation Centre.

First, we took a class photo to capture the memories. Then, we had a briefing about the campsite. I had a group, and the group members are Shine, Karina, Fian and me. We did art and craft, and then we played in the children play room until lunch time.

We had lunch at around twelve o'clock at noon, and I had sausages, sandwiches and chrysanthemum tea. The taste of the food was wonderful and delicious. We all shared some food with each other. We shared sandwiches, sausages, apple juice and pineapples. We had a great time chatting and laughing on the picnic mat and enjoying lunch together.

During the picnic, we also experienced some funny things that happened in the campsite. It was that we lost our classmate, Fian, in the playroom. Then Shine said that Fian had been to the bathroom in the playroom, but we could not find her there. At last, we found that Fian was actually in the toilet of the swimming pool. Fortunately, nothing happened to us and we could play the games together happily.

I enjoyed having the amazing picnic. I felt happy and excited. I want to go to Po Leung Kuk Jockey Club Pak Tam Chung Holiday Camp next year. And I hope to play the games with my teachers and classmates there.

A Special Escalator

During the summer holiday, I had a lot of activities. Among all, the most special and unforgettable one was a special escalator - Central-Mid-Levels Escalator and Walkway System. I went there with my mum.

First, we went to Central by ferry. We walked for around twenty-five minutes. Then, the famous escalator was in front of my eyes. Mum told me that it was the longest outdoor escalator in the world. I saw a lot of visitors from different countries.

Later, I took the escalator. On the way, I saw many buildings passing me. I could see the shops and restaurants in the buildings. I got to the top after about seventeen minutes.

I felt surprised and proud of being a Hong Kong citizen because Hong Kong is a small city in the world but it has the longest outdoor escalator.

An unforgettable event in the summer holiday

It was a hot summer day. Dad woke us up very early in the morning and asked us to get our swimsuits ready. I wondered why we had to wake up so early, especially when it was only seven o'clock in the morning.

After a 40-minute ride, we arrived at the Ocean Park Water World. It was my first visit to the Water World. I was so excited because I enjoyed playing in the water. First, we went to the Whiskers Splash. It is a huge indoor play zone for children. My sister and I had lots of fun playing there. Next, we tried the twin sliders. The Cyclone Spin is a pitch-black slide in yellow colour, and the Tropical Twist is a translucent slide in orange colour. We played four times as they were very exciting.

In the afternoon, my dad suggested me trying the Rainbow Rush. I felt scared at the beginning, but it was actually very fun. After that, we went to the Lazy Cruise and took a relaxing journey on the flowing river.

It was an unforgettable journey because it was my first visit there and we had lots of fun there.

An unforgettable camp

In this summer vacation, I participated in a "Children's Dream Growth Camp", which was held by Volunteer Space. We stayed in Wu Kai Sha Youth Village from 9th to 11th August. During this three-day-two-night camp, there were many unforgettable things happened.

First of all, my self-care ability had been improved. At home, my parents do many things for me. In the camp, I must do by myself, such as cleaning up the dishes after eating. Second, I played some challenging activities. For example, on the first day, we played Camp Search. We had to find five English letters in different places within the time limit. We had to cooperate with each other and listen to other people's opinions.

Although this three-day-two-night camp made me very tired, my skills in getting along with others had improved, and I feel that I have really grown up! I'm still very excited about this!

A wonderful trip to Japan

In the summer holiday, I went to Tokyo in Japan with my cousin and family. We stayed there for seven days. I felt excited.

My unforgettable event was to visit Mount Fuji, the famous and highest mountain in Japan. It was grand and epic. We took a lot of photos there. Near Mount Fuji, there was a safari park, called the Fuji Safari Park. We went there and fed some farm animals. Then, we took the Jungle Bus and went through the safari park. We saw a lot of wild animals such as big lions, tigers, giraffes, cheetahs, elephants, zebras, etc. We fed large lions, bears and camels too. They were very huge. They stood up with two legs and tried to eat our food. It was interesting but I was a bit scared.

I love this trip very much, because I can learn a lot of things about Japan. Also, I have some new and interesting experience in this trip.

I hope I can go to Hokkaido in next summer holiday. I will try my best to study hard to make my daddy and mummy happy so that they will bring me to Hokkaido!
