Our Holiday in Australia

In summer holiday, my family and I travel to Melbourne. We go there by plane and it takes nine hours. It is hot summer in Hong Kong but it is winter season in Australia. The weather is cool and cloudy.

I go snow skiing with my family at Mt. Buller. I feel so excited because it is my first time to ski.

My dad is very sleepy because he drives us to different places and zoos all day long. Our family trip to Melbourne is so wonderful!

Perfect Camping

In the beginning of the summer holiday, I went camping with my brother. The camping site was in Lei Yue Mun Park. The place was beautiful.

This was my first time to leave home alone for three days. I was so excited. I also tried lots of games I had never played before, like archery, snooker and some group games.

I made some new friends in this trip. I felt very happy. I have so much fun!
