My Chinese New Year Holiday

Yesterday was the fourth day of Lunar New Year. I visited my grandma's home in Quarry Bay. I brought my Jenga and wanted to play with my cousins. I have three cousins. They are seven, five and three years old. I have never met them before because of Covid-19.

When they arrived, we started to play Jenga. It was exciting when we were playing the few games, but then, we were getting bored. I had an excellent idea and we started to use my Jenga to play as dominoes. We lined up the Jenga blocks one after another to make a straight line, and then pushed them all over. It was amazing.

After that, it was snack time. We had cakes and fruit. They were yummy!

It was time to go. We went to Sai Wan Ho by tram. I like travelling by tram because I can enjoy the view slowly. It was cool! But the trip was short that we soon arrived. We went to the night market at Tai On Building. I tried a lot of new food that I had never tried before. They were delicious!

It was a wonderful day! I hope I can meet my cousins and play with them again soon.

My Chinese New Year Holiday

This Chinese New Year, I went to Japan. I met Kaiyer at the airport as we were going to Japan on the same aeroplane.

On the second day, Kaiyer and I went to the Legoland together. There were Lego city, Knight's Kingdom, Pirate Shores and Ninjago. We played all day there!

On the next day, I went to Gifu and played snowball fight. That as a pretty short day for me. On the next two days, I went skiing in Dynaland and learnt snowboarding there as well.

It was very fun but I was sad that I couldn't stay for one more day in Japan. But 16th February was my birthday, so I didn't feel so bad!

My Easter Holiday

I went to my friend's house during Easter holiday. My friend was Dorcas. She was once a student of our school, but then she went to Zhongshan.

We wanted to go to a playground, but Dorcas was sick in the morning, so we had to go home.

That night, I had a sleep-over at her house. My family came to pick me up in the morning. I was very happy because I could see a friend I haven't seen for a few months.

I hope that I can go there to meet my friend and play together again.

My Easter Holiday

I went to my grandparents' house during Easter holiday. I celebrated my grandfather's 70th birthday with my cousin, Olivia. It was really fun!

First, my sister, Olivia and I went to the park near my grandparents' house. We went on the swing, the slide and the monkey bars.

Then, we played badminton and football. After we finished playing, we had an egg hunt in my grandparents' garden.

Finally, we ate dinner together. When we finished having dinner, we celebrated our grandfather's birthday. We ate a delicious cake and sang birthday song for him.
